### ***What is Sequestration?***

Sequestration, sometimes called the sequester, is a process that automatically cuts the federal budget across most departments and agencies.

Congress included the threat of sequestration in the [Budget Control Act of 2011](#) as a way to encourage compromise on deficit reduction efforts.

Congress couldn't agree on a budget by the deadline set in the Budget Control Act, so mandatory budget cuts were scheduled to go into effect on January 2, 2013.

Congress stopped the cuts from happening by passing the [American Taxpayer Relief Act](#) on January 2. This law pushed the budget cuts back until March 1, 2013.

Since Congress did not agree on a budget to reduce the deficit by March 1, sequestration has begun and \$85 billion in spending cuts are currently going into effect.

These reports give detailed information about the amount that programs may be cut and which programs are exempt from sequestration:

- [White House Office of Management and Budget Sequestration Reports to the President and Congress](#)
  - [Congressional Budget Office Report on Estimated Impact of Automatic Budget Enforcement Procedures Specified in the Budget Control Act](#)
  - [Congressional Research Service Report on Budget “Sequestration” and Selected Program Exemptions and Special Rules”](#) (PDF)
- 

Please review each department’s General Grant and Funding Overview. These overviews are the key web pages on each departmental website dedicated to the agency’s funding opportunities. Check back often to note the department updates and use these sources to assist you in your planning.

## **USDA posts rural funding guide for local governments**

The U.S. Department of Agriculture (USDA) recently posted a useful guide outlining federal funding programs available to support rural communities.

[Federal Resources for Sustainable Rural Communities](#) (PDF 44p 6MB) is a guide to programs from the Partnership for Sustainable Communities and the U.S. Department of Agriculture (USDA) that rural communities can use to promote economic competitiveness, protect healthy environments, and enhance quality of life. It is a collaborative effort among USDA, the Department of Housing and Urban Development, the Department of Transportation and the Environmental Protection Agency.

The guide has key information on funding and technical assistance opportunities available from the four agencies, as well as examples of how rural communities across the country have benefitted from federal resources. [The resource guide can be accessed here.](#)

\$200,000

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**

You must meet the requirements of one of the following applicant types: Independent Producer, Agricultural Producer Group, Farmer or Rancher Cooperative, or Majority-Controlled Producer-Based Business Venture. Your proposed value-added product must also fall within one of the five product categories, and you must also comply with all the other eligibility requirements detailed

**Agency Name:**

**Description:**

in the Program Regulation and NOFA.

Business and Cooperative Programs

The primary objective of the VAPG program is to help agricultural producers enter into value-added activities related to the processing and/or marketing of bio-based value-added products. Generating new products, creating and expanding marketing opportunities, and increasing producer income are the end goals of this program. You may receive priority if you are a beginning farmer or rancher, a socially-disadvantaged farmer or rancher, a small or medium-sized farm or ranch structured as a family farm, a farmer or rancher cooperative, or are proposing a mid-tier value chain, as defined in the Program Regulation. Grants are awarded on a competitive basis.

Yes

**Cost Sharing or Matching Requirement:**  
**Posted Date:**

Nov 25, 2013

**Creation Date:**

Nov 26, 2013

**Original Closing Date for Applications:**

The deadlines for the remaining funding cycles of FY 2014 and the first funding cycle of FY 2015 are listed below. The first funding cycle of FY 2014 is covered under EDA's FY 2013 Economic Development Assistance programs (EDAP) FFO dated November 26, 2012. EDA strongly encourages electronic submissions of applications through [www.grants.gov](http://www.grants.gov) (Grants.gov). To be considered during a particular funding cycle, completed applications must be validated and time-stamped by Grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Alternatively, paper applications may be delivered to the applicable regional office listed in section VIII. of this FFO. Paper applications must be received no later than 5:00 p.m. local time in the applicable regional office on the funding cycle deadline and the applicant must use a delivery confirmation service from their selected carrier. If your application is received after the deadline, it will be considered late and will not be reviewed by EDA for that funding cycle. EDA will not accept facsimile or email transmissions of applications. The next four funding cycle deadlines are: December 13, 2012 for funding cycle 2 of FY 2014; March 14, 2014 for funding cycle 3 of FY 2014; June 13, 2014 for funding cycle 4 of FY 2014; and October 17, 2015 for funding cycle 1 of FY 2014. Please see section IV.C. of this FFO for more information on application deadlines under this announcement

**Current Closing Date for Applications:**

City or township governments

Private institutions of higher education

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

Native American tribal governments (Federally recognized)

State governments

County governments

**Eligible Applicants:**

**Additional Information on Eligibility:**

Pursuant to EDA's authorizing statute, the Public Works and Economic Development Act of 1965 (PWEDA), eligible applicants for and eligible recipients of EDA investment assistance include a(n): (i) District Organization; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of

political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See section 3 of PWEDA (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants directly to individuals or to for-profit entities seeking to start or expand a private business. Such requests may be referred to State or local agencies, or to non-profit economic development organizations serving the region in which the project will be located.

**Agency Name:**

Economic Development Administration

**Description:**

The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. biology, natural resource management, marine biology, quantitative ecology, applied mathematics, simulation modeling, or applied statistics, at an institution of higher education in the United States or its territories, or submit a signed letter from the institution indicating provisional acceptance to a PhD degree program conditional on obtaining financial support such as this fellowship. Applications must come from Sea Grant programs and should be submitted through [www.Grants.gov](http://www.Grants.gov).

**Agency Name:**

Department of Commerce

**Description:**

The Graduate Fellowship Program awards at least two new PhD fellowships each year to students who are interested in careers related to marine ecosystem and population dynamics, with a focus on modeling and managing systems of living marine resources. The emphasis will be on the development and implementation of quantitative methods for assessing marine ecosystems, for assessing the status of fish, invertebrate, and other targeted species stocks, and for assessing the status of marine mammals, seabirds, and other protected species. Fellows will work on thesis problems of public interest and relevance to NMFS under the guidance of NMFS mentors at participating NMFS Science Centers or Laboratories. The NMFS-Sea Grant Fellowships in Population and Ecosystem Dynamics meets NOAA's Mission goal of "Protect, Restore and Manage the Use of Coastal and Ocean Resources Through Ecosystem-Based Management".

Others (see text field entitled "Additional Information on Eligibility" for clarification)  
Accredited institutions of higher education; hospitals; non-profit organizations; commercial organizations; state, local, and Indian tribal governments; foreign governments; organizations under the jurisdiction of foreign governments; international organizations; and Federal agencies with appropriate legal authority.

**Agency Name:**

**Description:**

National Institute of Standards and Technology  
Since 1970, NIST, as part of its research program, has provided funding under the Precision Measurement Grant Program (PMGP) primarily to universities and colleges so that faculty may conduct significant research in the field of fundamental measurement or the determination of fundamental constants. NIST sponsors these research projects primarily to encourage basic, measurement-related research in universities and colleges and other research laboratories and to foster contacts between NIST scientists and those faculty members of academic institutions and other researchers who are actively engaged in such work. The PMGP also is intended to make it possible for researchers to pursue new ideas for which other sources of support may be difficult to find. There is some latitude in research topics that

will be considered under the PMGP. The key requirement is that the proposed project is consistent with NIST's ongoing work in the field of basic measurement science (<http://pml.nist.gov>).

**Corporation for National and Community Service**

**General Program Overview**

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

The main website can be accessed here: <http://www.nationalservice.gov>

#### Resources

##### Procurement Technical Assistance Centers (PTACs) (P)

Procurement Technical Assistance Centers (PTACs) are charged with assisting businesses in learning how to do business with federal, state, and local governments. PTACs are a local resource available at no or nominal cost that can provide assistance to business firms in marketing their products and services. They offer training to businesses on how to research and bid on contracts.

Department of Education

**Grant Programs Overview at the Department of Education**

**FORECAST OF FUNDING OPPORTUNITIES UNDER THE DEPARTMENT OF  
EDUCATION DISCRETIONARY GRANT PROGRAMS FOR FISCAL YEAR  
(FY) 2013**

**(As of June 28, 2013)**

The Department of Education lists virtually all programs and competitions under which the Department has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions the Department has previously announced, as well as those it plans to announce at a later date.

***Note:*** This document is advisory only and is not an official application notice of the Department of Education which expects to provide updates to this document starting in the first week of November in a fiscal year and continuing through the following July.

To see the complete document click here:

<http://www2.ed.gov/fund/grant/find/edlite-forecast.html>

The general information page for Education Grant funding is an excellent resource describing the three types of grants awarded by the Department of Education. See the screen shot of the Department of Education web page below:

## Apply for a Grant

ED offers three kinds of grants:

- **Discretionary grants:** awarded using a competitive process.
- **Student loans or grants:** to help students attend college.
- **Formula grants:** uses formulas determined by Congress and has no application process.

Nonprofits having a 501(c)(3) status with the IRS,  
other than institutions of higher education  
Native American tribal organizations (other than  
Federally recognized tribal governments)

County governments

Nonprofits that do not have a 501(c)(3) status with  
the IRS, other than institutions of higher education  
Native American tribal governments (Federally  
recognized)

Others (see text field entitled "Additional  
Information on Eligibility" for clarification)

Private institutions of higher education

Eligible Applicants: States and public or nonprofit  
agencies and organizations, including Indian tribes  
and institutions of higher education.

Department of Education

Note: Each funding opportunity description is a  
synopsis of information in the Federal Register  
application notice. For specific information about  
eligibility, please see the official application  
notice. The official version of this document is the  
document published in the Federal Register. Free  
Internet access to the official edition of the  
Federal Register and the Code of Federal  
Regulations is available on GPO Access at:  
<http://www.access.gpo.gov/nara/index.html>.  
Please review the official application notice for  
pre-application and application requirements,  
application submission information, performance  
measures, priorities and program contact  
information. Purpose of Program: The  
Rehabilitation Long-Term Training program  
provides financial assistance for-- (1) Projects that  
provide basic or advanced training leading to an  
academic degree in areas of personnel shortages in  
rehabilitation as identified by the Secretary; (2)  
Projects that provide a specified series of courses  
or program of study leading to the award of a  
certificate in areas of personnel shortages in  
rehabilitation as identified by the Secretary; and  
(3) Projects that provide support for medical  
residents enrolled in residency training programs  
in the specialty of physical medicine and  
rehabilitation. Catalog of Federal Domestic  
Assistance (CFDA) Number: 84.129B.  
Applications for grants under the Rehabilitation

Training: Rehabilitation Long-Term Training competition, CFDA Number 84.129B, must be submitted electronically using the Governmentwide Grants.gov Apply site at [www.Grants.gov](http://www.Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the Rehabilitation Training: Rehabilitation Long-Term Training competition at [www.Grants.gov](http://www.Grants.gov). You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.129, not 84.129B).

## U.S. Department of Energy

[Home](#)

### GRANTS & CONTRACTS

Much of the work of the Department of Energy's [Office of Science](#) (SC) is supported through grants and contractual vehicles. This work is processed through the Office of Science [Grants and Contracts Division](#) (GCD) which serves as the principal acquisition, financial assistance (grants and cooperative agreements) and contract/grant management advisor to the Director of Science. The GCD provides independent analyses, advice and recommendations on procurement and assistance actions initiated by SC, identifies problem areas, opportunities and management issues and makes recommendations; serves as SC focal point in developing positions and responses to proposed Federal and DOE procurement and assistance regulations and business management policies and procedures; provides advice and guidance and serves as the SC focal point with DOE field offices, laboratories, universities, contractors, grantees and other Government agencies on SC policies and strategies with respect to acquisition, financial assistance and contract/grant management issues.

The Department's [Office of Nuclear Energy](#) re-established, in FY 1998, a competitive peer-reviewed program to provide grants allowing nuclear engineering faculty and students to conduct innovative research in nuclear engineering and related areas. The awards run from one to three years and are granted in eight separate technical areas related to nuclear engineering: reactor physics, reactor engineering, reactor materials, radiological engineering, radioactive waste management, applied radiation science, nuclear safety and risk analysis, and innovative technologies for next generation reactors, space power and propulsion, or radiation sources. This type of research is vital to the academic community to help promote excellence in nuclear engineering and provide resolution to issues confronting nuclear engineering in general.

The [Office of Nuclear Energy](#) provides tuition, stipends, and practicum to outstanding graduate students studying nuclear engineering and health physics and undergraduate scholarships and practicum to students pursuing a nuclear engineering course of study to ensure that our country will have an adequate supply of trained nuclear scientists and engineers. As an element of this activity, the University Partnership Program pairs minority institutions with institutions offering a nuclear engineering degree to enable more minorities to enter the field of nuclear engineering.

SBIR/STTR FY 2014 Phase I Release 2 Grant

**Document Type:**

Grants Notice

**Funding Opportunity Number:**

DE-FOA-0001046

**Funding Opportunity Title:**

SBIR/STTR FY 2014 Phase I Release 2

**Opportunity Category:**

Discretionary

**Funding Instrument Type:**

Grant

**Category of Funding Activity:**

Science and Technology and other Research and Development

**Category Explanation:**

**Expected Number of Awards:**

**CFDA Number(s):**

81.049 -- Office of Science Financial Assistance Program

**Cost Sharing or Matching Requirement:**

No

**Posted Date:**

Nov 25, 2013

**Creation Date:**

Nov 25, 2013

**Original Closing Date for Applications:**

Feb 4, 2014

**Current Closing Date for Applications:**

Feb 4, 2014

**Archive Date:**

May 5, 2014

**Eligible Applicants:**

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Additional Information on Eligibility:**

SBIR/STTR program eligibility requirements are in place to ensure that the funds go only to small, independent US businesses. The regulations include restrictions about (1) the type of firm, (2) its ownership structure, and (3) the firm's size in terms of the number of employees. The purpose of the requirement regarding type of firm is to target the awards to firms with an economic interest in developing the idea or research into a commercial application. The purpose of the ownership requirement is to limit the program to independent firms controlled by US citizens or permanent resident aliens as a way of maximizing the likelihood that the funding will stimulate innovative activity within the US economy. The purpose of the size restriction (number of employees of the firm and its affiliates) is to limit program funding to small business concerns which have a unique capacity for innovation and are more likely to be constrained by lack of access to such funding. For complete information on eligibility see PART III . ELIGIBILITY INFORMATION in Funding Opportunity Announcement DE-FOA-0001046.

**Agency Name:  
Description:**

Office of Science  
This Funding Opportunity Announcement (FOA) describes two distinct funding opportunities for the U. S. Department of Energy (DOE) Small Business Innovation Research (SBIR) and the Small Business Technology Transfer (STTR) programs for Fiscal Year (FY) 2014 Phase I Release 2. The full text of the Funding Opportunity Announcement (FOA) is located on FedConnect. Instructions for completing the Grant Application Package are contained in the full text of the FOA which can be obtained at:

Climate and Earth System Modeling: SciDAC and Climate Variability and Change Grant

**Document Type:** Grants Notice

**Funding Opportunity Number:** DE-FOA-0001036

**Funding Opportunity Title:** Climate and Earth System Modeling: SciDAC and Climate Variability and Change

**Opportunity Category:** Discretionary

**Funding Instrument Type:** Cooperative Agreement  
Grant

**Category of Funding Activity:** Science and Technology and other Research and Development

**Category Explanation:**

**Expected Number of Awards:**

**CFDA Number(s):** 81.049 -- Office of Science Financial Assistance Program

**Cost Sharing or Matching Requirement:** No

**Posted Date:** Nov 20, 2013

**Creation Date:** Nov 20, 2013

**Original Closing Date for Applications:** Mar 3, 2014

**Current Closing Date for Applications:** Mar 3, 2014

**Archive Date:** Jun 3, 2014

**Estimated Total Program Funding:** \$8,000,000

**Award Ceiling:** \$500,000

**Award Floor:** \$150,000

**Eligible Applicants:** Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Additional Information on Eligibility:** All types of applicants are eligible to apply, except nonprofit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995.

**Agency Name:** Office of Science

**Description:** Climate and Earth System Modeling is part of the Climate and Environmental Sciences Division (CESD) of the U.S. Department of Energy's Office of Biological and Environmental Research (BER). The Climate and Earth System Modeling programs seek to develop and analyze high fidelity community models representing Earth and

climate system variability and change, with a significant focus on the response of systems to natural and anthropogenic forcing. As the first of two programs in Climate and Earth System Modeling that participate in this FOA, the Earth System Modeling (ESM) Program seeks to advance computational, dynamical, and biogeophysical representations of the Earth system and its components, and to calibrate, test and assess predictive capabilities using uncertainty quantification methodologies. The second program participating in this FOA, the Regional and Global Climate Modeling (RGCM) Program, seeks to enhance the predictive understanding of the Earth system by analyzing the natural and anthropogenic components of global and regional Earth system models. The use of model simulations in combination with observations enables a deeper understanding of climate variability and change. The ESM and RGCM programs are thus complementary, with ESM focused mainly on climate model development, and RGCM focused mainly on climate system analysis. Both modeling programs collaborate and coordinate with the Terrestrial Ecosystem Science (TES) and Atmospheric System Research (ASR) programs, by utilizing TES and ASR process research activities to inform model development, and by using model simulations to identify where further process research is required in atmospheric and terrestrial systems.

**Cost Sharing or Matching Requirement:**

No

**Posted Date:**

Nov 20, 2013

**Creation Date:**

Nov 20, 2013

**Original Closing Date for Applications:**

Feb 25, 2014

**Current Closing Date for Applications:**

Feb 25, 2014

**Archive Date:**

May 25, 2014

**Estimated Total Program Funding:**

\$5,000,000

**Award Ceiling:**

\$500,000

**Award Floor:**

\$200,000

**Eligible Applicants:**

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Additional Information on Eligibility:**

All types of applicants are eligible to apply, except Federally Funded Research and Development Center (FFRDC) Contractors, and nonprofit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995. DOE Eligibility Criteria: Applicants from U.S. Colleges and universities, non-profit organizations, for-profit commercial organizations, state and local governments, and unaffiliated individuals are eligible to apply, except as described in the preceding paragraph. Researchers from other Federal agencies are encouraged to submit a pre-application referencing DE-FOA- 0001034; if a formal application is encouraged, additional submission information will be provided. USDA Eligibility

Criteria: The Secretary may award grants to State agricultural experiment stations; colleges and universities; university research foundations; other research institutions and organizations; Federal agencies; national laboratories; private organizations or corporations; individuals; or any group consisting of two or more of the aforementioned entities. Applications from scientists at non-U.S. organizations will not be accepted. Award recipients may subcontract to organizations not eligible to apply, provided such organizations are necessary for the conduct of the project.

**Agency Name:**

Office of Science

**Description:**

The U.S. Department of Energy's Office of Science, Office of Biological and Environmental Research (OBER), and the U.S. Department of Agriculture (USDA), National Institute of Food and Agriculture (NIFA), hereby announce their interest in receiving applications for genomics-based research that will lead to the improved use of biomass and plant feedstocks for the production of fuels such as ethanol or renewable chemical feedstocks. Specifically, applications are sought for research on plants that will improve biomass and oil seed characteristics, yield, or sustainability. Research to overcome the biological barriers to the low-cost, high-quality, scalable and sustainable production of bioenergy feedstocks using the tools of genetics and genomics are encouraged.

SUNSHOT INCUBATOR PROGRAM Round 9 Grant

**Document Type:**

Grants Notice

**Funding Opportunity Number:**

DE-FOA-0000923

**Funding Opportunity Title:**

SUNSHOT INCUBATOR PROGRAM Round 9

**Opportunity Category:**

Discretionary

**Funding Instrument Type:**

Cooperative Agreement

**Category of Funding Activity:**

Energy

**Category Explanation:****Expected Number of Awards:****CFDA Number(s):**

81.087 -- Renewable Energy Research and Development

**Cost Sharing or Matching Requirement:**

Yes

**Posted Date:**

Nov 19, 2013

**Creation Date:**

Nov 19, 2013

**Original Closing Date for Applications:**

Mar 13, 2014

**Current Closing Date for Applications:**

Mar 13, 2014

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**

Only startup businesses are eligible to apply for funding as Standalone Applicants. For the purposes of eligibility to apply for funding through this Funding Opportunity Announcement, the term "startup business" is defined as: For-profit entity incorporated or otherwise formed under the Federal law or the laws of the individual United States with 500 or less employees not including the employees of any parent companies, subsidiaries or other affiliate companies.

**Agency Name:**

Golden Field Office

**Description:**

The Department of Energy (DOE) is supporting the development of tools and approaches that will significantly reduce the costs for solar energy systems across all technology areas (i.e. photovoltaics, concentrating solar power, power

electronics, balance of system and non-hardware cost such as customer acquisition permitting, financing, interconnection, and inspection.) As part of the SunShot Incubator program, this funding opportunity is designed to help startup businesses and entrepreneurs develop technologies, innovative programs, and streamlined processes that will make solar more accessible for consumers in the U.S. The SunShot Incubator Program is an aggressive pay for performance program focused on helping solar startups rapidly refine and commercialize promising, proven technologies and ideas. The program seeks to accelerate the commercialization of solar energy products and solutions that dramatically lower the cost of solar power. This round of the SunShot Incubator Program is for both hardware and non-hardware solutions that reduce the cost of systems that convert solar energy into electric potential. The SunShot Incubator program consists of five (5) tiers (divided between hardware and non-hardware) to which applications may be submitted: Hardware: Tier 0 includes awards of up to \$500,000 with a 20% cost share requirement over 12 months to accelerate the transition from a proof-of-concept of all critical components to an early stage functional prototype. Tier 1 includes awards of up to \$1,000,000 with a 20% cost share requirement over 12 months to accelerate transition of early state functional prototype to manufacturing and commercially relevant prototype made in the lab. Tier 2 includes awards of up to \$4,000,000 with a 50% cost share requirement over 18 months to develop the manufacturing processes and equipment to move from a fully developed lab prototype to pilot-scale production. Non-Hardware: Tier 1S includes awards of up to \$500,000 with a 20% cost share requirement over 12 months to accelerate transition of proof-of-concept or business plan to alpha capability and early customer trials. Tier 2S includes awards of up to \$2,000,000 with a 50% cost share requirement over 18 months to transition alpha capability through beta launch and full commercialization. The full Funding Opportunity

Announcement (FOA) is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov> <<https://eere-exchange.energy.gov>> . To apply to this FOA, Applicants must register with and submit application materials through EERE Exchange at <https://eere-Exchange.energy.gov> <<https://eere-exchange.energy.gov>> , EERE's online application portal. To learn more about the history of the Incubator program please see: <http://www1.eere.energy.gov/solar/sunshot/incubator.html> Two Webinars will be hosted by Incubator program staff to walk through program details and answer questions. Further details are provided in the FOA. Please refer back here, to this website and section, for updates on the FOA and schedule.

| <b>Cost Sharing or Matching Requirement:</b>   | Yes  |
| <b>Posted Date:</b>                            | Nov 5, 2013  |
| <b>Creation Date:</b>                          | Nov 5, 2013  |
| <b>Original Closing Date for Applications:</b> | Feb 5, 2014  |
| <b>Current Closing Date for Applications:</b>  | Feb 5, 2014  |
| <b>Archive Date:</b>                           | May 6, 2014  |
| <b>Eligible Applicants:</b>                    | Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"   |
| <b>Additional Information on Eligibility:</b>  | Federal agencies and instrumentalities (other than DOE) are eligible to apply for funding as a subrecipient, but are not eligible to apply as a prime recipient.   |
| <b>Agency Name:</b>                            | Golden Field Office  |
| <b>Description:</b>                            | Through this Funding Opportunity Announcement (FOA) the Building Technologies Office (BTO) seeks to establish a performance rating mechanism for assessing the energy performance of fenestration attachments. DOE and the fenestration attachments industry have identified accurate and objective performance data as a critical need for product adoption. The selected applicant to the Craft FOA will provide a third-party rating, certification, and labeling program, which will enable consumers to distinguish among energy-efficient attachment products and models. The underlying data will assist architects and |

engineers in better understanding the energy impact of particular products. The Certification and Rating of Attachments for Fenestration Technologies (CRAFT) awardee will develop rating, certification, performance verification, and labeling standards for residential and commercial fenestration attachments. The successful applicant will also develop a Program to rate fenestration attachment energy performance and provide accurate and useful product comparison criteria, allowing end users in residential and commercial markets to assess the relative energy cost/benefits of fenestration attachments. "The full Funding Opportunity Announcement (FOA) is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov>. Applications must be submitted through the EERE eXCHANGE website to be considered for award. The applicant must first register and create an account on the EERE eXCHANGE website. A User Guide for the EERE eXCHANGE can be found on the EERE website <https://eere-exchange.energy.gov/Manuals.aspx> after logging in to the system. Information on where to submit questions regarding the content of the announcement and where to submit questions regarding submission of applications is found in the full FOA posted on the EERE eXCHANGE website."

| <b>Archive Date:</b>                           | Mar 29, 2014   |
| <b>Estimated Total Program Funding:</b>        | \$0  |
| <b>Award Ceiling:</b>                          | \$0  |
| <b>Award Floor:</b>                            | \$0  |
| <b>Eligible Applicants:</b>                    | Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"   |
| <b>Agency Name:</b>                            | Golden Field Office  |
| <b>Description:</b>                            | The purpose of this Request for Information (RFI) is to solicit feedback from industry, academia, research laboratories, government agencies, and other stakeholders on issues related to the use of a prize competition for advancing the development of new and next generation wave energy converter devices. EERE is specifically interested in information on any obstacles or challenges that could limit stakeholder interest in applying to the proposed Funding Opportunity Announcement (FOA) for the administration of this prize competition. In addition, EERE is interested in gaining an understanding of the number of potential candidates who would likely have the qualifications, expertise, and experience to successfully administer a WEC Prize competition. This RFI is intended to gather feedback from stakeholders prior to DOE potentially issuing a (FOA). This RFI is not a FOA; therefore, DOE is |

not accepting applications at this time. All responses to this RFI must be provided as an attachment (in Microsoft Word format) to an e-mail message addressed to WECPrizeRFI@go.doe.gov. Responses must be received no later than 5:00PM ET on December 29, 2013. The full content of the announcement can be found on the EERE Exchange website at <https://eere-exchange.energy.gov>.

Golden Field Office

U.S. Department of Energy Solar Decathlon 2015

Modification 1

**Document Type:**

Grants Notice

**Funding Opportunity Number:**

DE-FOA-0000959

**Funding Opportunity Title:**

U.S. Department of Energy Solar Decathlon 2015

**Opportunity Category:**

Discretionary

**Funding Instrument Type:**

Cooperative Agreement

**Category of Funding Activity:**

Energy

**Category Explanation:**

**Expected Number of Awards:**

20

**CFDA Number(s):**

81.086 -- Conservation Research and Development

**Cost Sharing or Matching Requirement:**

Yes

**Posted Date:**

Nov 1, 2013

**Creation Date:**

Nov 20, 2013

**Original Closing Date for Applications:**

Dec 20, 2013

**Current Closing Date for Applications:**

Dec 20, 2013

**Archive Date:**

Mar 20, 2014

**Estimated Total Program Funding:**

\$1,000,000

**Eligible Applicants:**

Private institutions of higher education

Public and State controlled institutions of higher education

**Agency Name:**

Golden Field Office

**Description:**

I. The purpose of this amendment is to make the following change: Include informational webinar instructions for a webinar to be held on December

4th, 2013. Title: Solar Decathlon 2015 FOA Informational Webinar Date: Wednesday, December 4, 2013 Time: 2:00 PM - 3:00 PM EST <https://www1.gotomeeting.com/register/686444776> After registering you will receive a confirmation email containing information about joining the Webinar. System Requirements: PC-based attendees: Required: Windows 8, 7, Vista, XP or 2003 Server Mac-based attendees: Required: Mac OS X 10.6 or newer Mobile attendees: Required: iPhone, iPad, Android phone or Android tablet II. All other parts of the FOA remain unchanged. III. The area which has changed is highlighted within the Funding Opportunity Announcement. The full Funding Opportunity Announcement (FOA) is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov>. Applications must be submitted through the EERE eXCHANGE website to be considered for award. The applicant must first register and create an account on the EERE eXCHANGE website. A User Guide for the EERE eXCHANGE can be found on the EERE website <https://eere-exchange.energy.gov/Manuals.aspx> after logging in to the system.

| <b>Description:</b>                            | The Small Business Liability Relief and Brownfields Revitalization Act ("Brownfields Law," P.L. 107-118) requires the U.S. Environmental Protection Agency (EPA) to publish guidance to assist applicants in preparing proposals for grants to assess and clean up brownfield sites. EPA's Brownfields Program provides funds to empower states, communities, tribes, and nonprofits to prevent, inventory, assess, clean up, and reuse brownfield sites. EPA provides brownfields funding for three types of grants: Brownfields Assessment Grants, Brownfields Revolving Loan Fund (RLF) Grants, and Brownfields Cleanup Grants. Under this RFP, EPA is seeking proposals for Cleanup Grants, only, to provide funds to carry out cleanup activities at a specific brownfield site owned by the applicant. |

| <b>Description:</b>                            | The U.S. Environmental Protection Agency (EPA), as part of its Science to Achieve Results (STAR) program, is seeking applications focusing on integrated, transdisciplinary research that would advance scientific understanding of potential for impacts to ecosystem wellbeing associated with the use of manufactured chemicals. Specifically, the RFA would solicit proposals for systems-based research to develop and apply innovative metrics and modeling approaches to improve evaluation of ecological resilience and impact analyses, and to support environmental sustainability. Successful proposals will translate emerging and advanced methods, data, and computational tools to address complexity of these systems and distill drivers of adverse outcomes to ecological organisms and populations. |

## **Department of Health and Human Services**

### **Grants Forecast and Overview**

The Department of Health and Human Services' Grants Forecast is a database of planned grant opportunities proposed by its [agencies](#). Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations.

Go to the [webpage below](#) for more information.

### HHS Grants Forecast

The Department of Health and Human Services' Grants Forecast is a database of **planned** grant opportunities proposed by its **agencies**. Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast **opportunities are subject to change** based on enactment of congressional appropriations.

When funding is available and an agency is ready to accept applications, the agency will issue an official notice, known as a Funding Opportunity Announcement (FOA), which will be available on Grants.gov. The FOA provides guidance on how to receive an application kit and instructions on how to apply.

The screenshot shows the official website of the Department of Homeland Security (DHS). The header features the DHS seal, the text "Official website of the Department of Homeland Security", and the "Homeland Security" logo. Navigation links include "Home", "Topics", "How Do I?", "Get Involved", "News", and "About DHS". A search bar is located on the right. The main content area is titled "DHS Financial Assistance" and includes a "Financial Assistance Overview" section. This section states that most DHS Components have authority to execute and manage financial assistance to support the DHS mission. It defines financial assistance as the transfer to a non-Federal recipient of anything of value for a public purpose, including grants, cooperative agreements, training, loans, direct payments, and National flood insurance. A "Background" section explains that while many DHS Components have grant-making programs, the majority of programs and funding exist within the Federal Emergency Management Agency (FEMA). DHS supports a wide variety of financial assistance, including post-disaster relief and resilience, preparedness, boating safety, cybersecurity, research, university centers of excellence, and assistance to fire fighters. A chart below reflects the distribution of financial assistance activity and funding by DHS mission. A "Financial Assistance Policy and Oversight (FAPO)" section follows, stating that FAPO is within the DHS Office of the Chief Financial Officer, Undersecretary of Management. The office is the functional lead for the Financial Assistance Line of Business. FAPO is responsible for providing oversight, including the issuance of policy, for all DHS financial assistance programs. The team works with DHS Components to ensure a "One DHS" approach for financial assistance. The Office consists of four units: Information Management and Reporting, Financial Assistance Policy, Financial Assistance Oversight and Strategic. A "Financial Assistance Resources" sidebar lists various DHS components and agencies that issue financial assistance, including DHS Components/Directorates, Federal Emergency Management Agency (FEMA), United States Coast Guard (USCG), Science and Technology (SAT), Defense Nuclear Detection Office (DNDO), U.S. Citizenship and Immigration Services (USCIS), National Protection and Programs Directorate (NPPD), Office of Health Affairs (OHA), Immigration and Customs Enforcement (ICE), and United States Secret Service (USSS).

Download these updated grant application tools and start planning your grant request now.

- [FY 2012 FP&S Grants Get Ready Guide](#). This short guide will help you kick-start your grant application. It identifies the most important elements of all the grant application questions.
- [FY 2012 FP&S Grant Self-Evaluation Sheet](#). This tool is based on the application scoring dimensions used by the peer reviewers. It can help you assess your organization's readiness to apply for a grant and help you plan your application.

### **Video Resources**

Two short Fire Prevention and Safety Program videos provide information that can help potential applicants.

- The [FP&S Grants video](#) gives an overview of the FP&S Grant Program, describing the purpose of the grants, eligible activities, and evaluation criteria.
- The [Community Risk Assessment video](#) describes the different types of risk assessments that applicants can use and explains how the risk assessment's information can support grant requests. Community risk assessments are critical to creating an effective fire prevention and safety project, and they are required to obtain a FP&S grant.

### **Website Resources**

Visit the [FP&S Grants home page](#) on the [Assistance to Firefighters Grants \(AFG\) website](#) to find more information about recent awardees and models of successful FP&S projects.

---

FEMA

Dear FEMA Grantee:

In August 2011, Congress passed the Budget Control Act of 2011 (Public Law 112-25) to limit federal spending and reduce our national debt. To enforce annual spending limits, that law requires across-the-board funding reductions to almost every federal program, project, and activity through a process called "sequestration."

As a consequence, all federal agencies, including FEMA, will have to implement steep funding cuts, beginning in the current fiscal year. Leadership throughout FEMA and the Department of Homeland Security have been working hard to determine how we might best mitigate the impact of possible sequestration budget reductions on our state, local, tribal, territorial, non-profit and private sector partners.

Nonetheless, the sequestration order issued on March 1, 2013 will result in FEMA's current Fiscal Year (FY) 2013 funding levels being reduced by approximately 5%. This will result in a reduction to FEMA's State and Local grant funding levels of approximately \$104 million.

The sequestration reductions will affect FY 2013 funding levels for all GPD grants, subject to FEMA's final FY 2013 appropriation. Sequestration will not affect grants or cooperative agreements awarded in previous fiscal years.

We recognize the hardships that sequestration is likely to cause and thank you for your cooperation as we work together to manage these unfortunate circumstances. We value the important work that you do and appreciate your dedication to the security and resilience of the Nation. As always, your thoughts, questions and concerns are welcome.

Sincerely,

David J. Kaufman  
Acting Assistant Administrator  
Grant Programs Directorate

## Federal Funding Alternative To AFG

**State Administrative Agencies (SAA)** apply for and administer Federal grants on behalf of their States, including FEMA Preparedness Grants. The SAA will work with eligible organizations to comply with the general requirements of grant programs or cooperative agreements. Contact your State's SAA to find out what current Federal funding opportunities may be available to your organization. A listing of the SAAs and points of contact can be found at <http://www.fema.gov/library/viewRecord.do?id=6363>.

## Department of Housing and Urban Development

The image shows the main content area of the HUD.GOV website. It features the HUD.GOV logo and navigation links at the top. The main heading is "Grants". Below it, there is a list of links: "HOME", "PRESS ROOM", "HOMEOWNER HELP", "STATE INFO", "PROGRAM OFFICES", "TOPIC AREAS", "ABOUT HUD", "RESOURCES", and "CONTACT US". The "Grants" section is highlighted. Below the heading, there is a paragraph about HUD's grants program and a list of links: "HUD's grants office", "Funds Available", "Funding announcements", "Highest Scoring Grant Applications", "Training", and "Important SAM Alert". There is also a section titled "Using Grants.Gov" with a paragraph about registration and a "NEWS Alert" about an issue with Adobe Reader XI. At the bottom, there are links to "For Applicants", "For Grantees", and "For E-Biz POCs".

## HUD - Notice of Funds Available

For detailed information [click here](#)

FY 2013 Notice of Funding Availability (NOFA) Policy Requirements and General Section to HUD's FY2013 NOFAs for Discretionary Programs

This Notice provides prospective applicants for HUD's competitive funding with the opportunity to become familiar with the General Section to HUD's FY2013 Notices of Funding Availability (NOFAs) for Discretionary Funding (program NOFA), in advance of publication of any individual FY2013 program NOFAs. This General Section and the individual FY2013 program NOFA Sections comprise the entirety of the FY2013 NOFA instructions.

- [General Section](#)
- [FONSI](#)
- [New Application Attachment Filename Requirement](#)

**Funding Opportunity Number:** FR-5700-N-01

**Opportunity Title:** Policy Requirements and General Section

**Competition ID:** GS-01

**CFDA No.:** 14. - All of HUD programs will start with 14. \_\_\_\_

**Open Date:** July 23, 2012

**Close Date:** December 31, 2013

**Contact:** For further information on HUD's FY2013 Policy Requirements and General Section, contact the Office of Strategic Planning and Management, Grants Management

Division, Department of Housing and Urban Development, 451 7th Street, SW, Room 3156, Washington, DC 20410-3000, telephone number (202) 708-0667. This is not a toll-free number. Persons with hearing or speech impairments may access this number via TTY by calling the Federal Relay Service at 800-877-8339.

**SUPPLEMENTARY INFORMATION:** To help applicants with electronic application registration and submission, HUD advises applicants to use the help features on the Dun and Bradstreet (D&B), Central Contractor Registration (CCR)/ SAM.gov, and Grants.gov websites. These sites all have User Guides and Frequently Asked Questions (FAQ) which are updated on an ongoing basis. HUD believes that early publication of this General Section is beneficial to prospective applicants by providing advance notice of the Department's Strategic Plan Goals, Policy Priorities, NOFA threshold requirements and other requirements that are applicable to individual FY2013 program NOFAs.

- Individuals looking for assistance, please note: HUD does not provide grants and/or loans directly to individuals – the funding is made available to state and local governments; public housing agencies (PHAs); nonprofit organizations including colleges and universities; Indian tribes and tribally designated housing entities (TDHEs); graduate students; public housing resident organizations; owners of federally assisted low-income housing; and for-profit professional and technical services companies, however we do have a website, which provides resource information which may be of assistance to you. Individuals may visit the [USA.gov website](http://USA.gov). This site allows you to complete a questionnaire; all of the questions must be answered in order to obtain an initial list of benefit results and to move on to the next sections of the Benefit Finder. Providing any additional information will further increase the accuracy of the individuals result. The website is user friendly; once the questionnaire is complete the site directs the individual to click the "View Benefit Results" tab to see a listing of programs that they may be eligible to receive.

**Cost Sharing or Matching Requirement:**  
**Eligible Applicants:**  
**Additional Information on Eligibility:**

Yes  
Small businesses  
a. CoC Consolidated Applications. CoCs were required to designate a Collaborative Applicant to submit the CoC Consolidated Application on behalf of the CoC as part of the FY 2013 CoC Registration process. Collaborative Applicants will not be able to access the CoC Consolidated Application in e-snaps if the CoC does not have an approved Registration. The Collaborative Applicant approved by HUD during the FY 2013 registration process must be the same entity that submits the CoC Consolidated Application – which includes the CoC Application, Priority Listings that list all project applications accepted and ranked or rejected in the CoC local competition, and the Project Application – during the CoC Program Competition. CoCs should not attempt to change Collaborative Applicants during the CoC Program Competition without HUD's prior approval.

**Agency Name:**  
**Description:**

Department of Housing and Urban Development  
The CoC Program is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, States, and local governments to quickly re-house the homeless while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by the homeless; and to optimize self-sufficiency among those experiencing homelessness. For the CoC Program Competition, approximately \$1.7 billion is available for FY 2013 after adjustments were made as a result of sequestration. HUD does not anticipate that this will be adequate to fund all existing projects eligible for renewal with FY2013 funds. HUD may add to this amount any available funds that have been carried over or recaptured from previous fiscal years. All of the requirements for applying for FY 2013 funds, including requirements for the entire CoC Consolidated Application and the total amount of funding available, are contained in this NOFA. For FY 2014, the level of funding for the CoC Program is not yet known. The Continuing Appropriations

Act, 2014 (Public Law 113-46, approved October 17, 2013) funds HUD operations and programs at FY 2013 levels, but provides such funding only through January 15, 2014. Nevertheless for purposes of expediency and efficiency, this FY 2013 – FY 2014 CoC Program NOFA (CoC Program NOFA) will award funds made available for the CoC Program under FY 2013 and FY 2014. When the level of funding is known for FY 2014, HUD will announce this amount through separate notice. In this separate notice; HUD will also publish the deadlines for submitting the information required by HUD. For more information on applying for FY 2014 funds under this NOFA.

Sparks! Ignition Grants for Libraries program, you must meet all three of the following criteria:

- You must be either a unit of state or local government or a private nonprofit organization that has tax-exempt status under the Internal Revenue Code.
- You must be located in one of the 50 States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau.
- You must qualify as one of the following types of organizations:

1. A library or a parent organization, such as a school district, a municipality, a state agency, or an academic institution, that is responsible for the administration of a library. Eligible libraries include public libraries, public elementary and secondary school libraries, college and university libraries, research libraries and archives that are not an integral part of an institution of higher education and that make publicly available library services and materials that are suitable for scholarly research and not otherwise available. Research libraries, under the supervision of at least one permanent professional staff person, must be either generally recognized as possessing unique scholarly research materials and services that are made available to the public, or able to demonstrate that such is the case when submitting an application to IMLS.
2. A private library or other special library, but only if the State in which it is located determines that the library should be considered a library for purposes of Library Services and Technology (see (20 USC 9122(1)(E))).
3. An academic or administrative unit, such as a graduate school of library and information science that is part of an institution of higher education through which it would make application.
4. A digital library, if it makes library materials publicly

available and provides library services, including selection, organization, description, reference, and preservation, under the supervision of at least one permanent professional staff person. 5. A library agency that is an official agency of a state or other unit of government and is charged by the law governing it with the extension and development of public library services within its jurisdiction; 6. A library consortium that is a local, statewide, regional, interstate, or international cooperative association of library entities that provides for the systematic and effective coordination of the resources of eligible libraries, as defined above, and information centers that work to improve the services delivered to the clientele of these libraries. 7. A library association that exists on a permanent basis, serves libraries or library professionals on a national, regional, state, or local level, and engages in activities designed to advance the well-being of libraries and the library profession.

**Agency Name:**

**Description:**

Institute of Museum and Library Services Sparks! Ignition Grants for Libraries (Sparks Grants) are a special funding opportunity within the IMLS National Leadership Grants for Libraries program. These small grants encourage libraries, and archives to prototype and evaluate specific innovations in the ways they operate and the services they provide, resulting in new tools, products, services, or organizational practices. You may propose activities or approaches that involve risk, as long as the project results – be they success, failure, or a combination thereof – offer valuable information to the library field and the potential for improvement in the ways libraries serve their communities. You are required to submit a short white paper, with the results of your work to be publicly posted and shared with the field.

Institute of Museum and Library Services

The NLG-Libraries program supports projects that address challenges faced by the library and archive fields and that have the potential to advance practice in those fields. Successful proposals will generate results such as new tools, research findings, models, services, practices, or alliances that can be widely used, adapted, scaled, or replicated to extend the benefits of federal investment. While it encourages and will consider applications in all such areas, IMLS is particularly interested in projects that will support: early learning; STEM; learning spaces in libraries; national digital platform; and civic literacy.

## Department of Justice

### Grants and Contract Overview

The Department offers funding opportunities to conduct research, to support law enforcement activities in state and local jurisdictions, to provide training and technical assistance, and to implement programs that improve the criminal justice system.

The DOJ agencies listed below also have sites that provide grant information specific to that agency. Examples of what can be found on these sites are programs, funding opportunities, application assistance, and other useful information.

- [Bureau of Justice Assistance \(BJA\)](#)
- [Bureau of Justice Statistics \(BJS\)](#)
- [National Criminal Justice Reference Service \(NCJRS\)](#)
- [National Institute of Justice \(NIJ\)](#)
- [Office of Juvenile Justice and Delinquency Prevention \(OJJDP\)](#)
- [Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking \(SMART\)](#)
- [Office for Victims of Crime \(OVC\)](#)

The screenshot shows the Department of Justice website's "Grants" section. At the top, there is a navigation bar with the Department of Justice seal and the motto "THE COMMON LAW IS THE WILL OF MANHOLD ISSUING FROM THE LIFE OF THE PEOPLE". Below the navigation bar, the "Grants" section is highlighted. The main content area features a large "GRANTS" header with a background image of an eagle. Below this, a paragraph states: "The Department offers funding opportunities to conduct research, to support law enforcement activities in state and local jurisdictions, to provide training and technical assistance, and to implement programs that improve the criminal justice system." To the right of this paragraph, there are several boxes for other programs: "OPEN GOVERNMENT AT THE DEPARTMENT OF JUSTICE", "THE CRIMINAL JUSTICE SYSTEM as a COUNTERTERRORISM TOOL", "DEFENDING THE AFFORDABLE CARE ACT", "JUSTICE.GOV en ESPAÑOL", and "DEPARTMENT OF JUSTICE ACTION CENTER". On the left side, there are three boxes for specific offices: "OJP" (Office of Justice Programs), "OVW" (Office on Violence Against Women), and "COPS" (Community Oriented Policing Services Office). Each box contains a brief description of the office's grant programs.

### Agency Grants and Contract General Overview

#### Department of Labor Grant Programs

- **Bureau of International Labor Affairs (ILAB):** provides grants (cooperative agreements) for the implementation of projects designed to assist developing countries combat the worse forms of child labor, forced labor, and human trafficking; and support worker rights and improve working conditions. Solicitations for grant applications are announced on [www.grants.gov/](http://www.grants.gov/) and at [www.dol.gov/ILAB/grants/main.htm](http://www.dol.gov/ILAB/grants/main.htm). ILAB grants are awarded by the [OASAM grant office](#).
- **Bureau of Labor Statistics (BLS):** provides project grants (cooperative agreements) and the dissemination of technical statistical data and related information on labor force activities; provides data on prices (CPI) and cost of living; data on productivity and technology data; data on compensation and working conditions; data on employment projections.
- **Employment and Training (ETA):** ETA administers financial assistance programs pursuant to the Workforce Investment Act (WIA), administering State formula grant programs for youth, adults and dislocated workers, national emergency grants for workers affected by mass layoffs, plant closures, and disasters; grant programs for workers with disabilities, Indians and Native Americans, and for migrant and seasonal farmworkers. ETA also administers grant programs for older American workers, apprenticeship programs, Trade Adjustment Assistance (TAA) programs, and assistance for research and development of workforce programs. In addition, ETA is responsible for the operation and maintenance of a national system of public employment service offices and for the national unemployment insurance program.
- **Mine Safety and Health (MSHA):** provides grants for research, education and training programs to ensure an adequate and competent staff of trained inspectors;

and assistance for establishing or improving State mine health and safety programs through technical assistance.

- **Occupational Safety and Health (OSHA):** provides grants to non-profit organizations to provide training, educational services, and technical assistance; assistance to states to administer and enforce state programs; assistance to states to provide occupational safety and health technical assistance and consultant services.
  - **Office of Disability Employment Policy (ODEP):** The Office of Disability Employment Policy awards competitive grants establishing short-term pilot and technical assistance projects designed to identify, develop, test, evaluate, and disseminate policies to increase employment by expanding access to training, education, employment supports, assistive and systems technology, integrated employment, entrepreneurial development, and small business opportunities for adults and youth with disabilities. Current pilots projects focus on customized employment, Olmstead populations, and innovative demonstration youth grants, among others. Solicitations for grant applications are published in the Federal Register and announced at [www.dol.gov/odep](http://www.dol.gov/odep). ODEP grants are awarded by the [OASAM grant office](#).
  - **Veterans' Employment and Training (VETS):** provides special employment and training assistance for veterans through the [Disabled Veterans' Outreach Program \(DVOP\) Solicitation for Grant Applications](#); the [Local Veterans' Employment Representative Program \(LVER\)](#); [Veterans' Workforce Investment Program \(VWIP\)](#); [elaws Advisor on veterans' employment and reemployment rights](#); and the [Homeless Veterans Reintegration Project \(HVRP\)](#). VETS grants are awarded by the [OASAM grant office](#).

## National Archives and Records Administration

### Grant Opportunities General Overview

To access the information below: [click here](#)

The screenshot shows the National Archives and Records Administration website. At the top, there is a navigation bar with links for Blogs, Bookmark/Share, and Contact Us. Below this is a search bar labeled "Search Archives.gov" with a "GO" button. A secondary navigation bar contains links for Research Our Records, Veterans Service Records, Teachers' Resources, Our Locations, and Shop Online. The main header reads "National Historical Publications & Records Commission" with a breadcrumb trail: Home > NHPRC > Grant Opportunities. The left sidebar includes a "Grant Program" section with links to Grant Opportunities, Application Instructions, FAQs, and What We Do/Do Not Fund. It also features a "Download our Logo" button and a "Learn why Democracy Starts Here" link. The main content area is titled "Grant Opportunities" and lists three grant categories: Archives Leadership Institute, Documenting Democracy: Access to Historical Records, and Digitizing Historical Records. Each category includes a brief description and a final deadline of October 6, 2011. The right sidebar contains a "Questions?" section with contact information (email: mhprc@nara.gov, telephone: 202-357-5818, fax: 202-357-5914) and a "Consult the Help Section" link. At the bottom, there is a "Select an Instruction:" section with links to various guides, including "First Time Using Grants.gov?", "Download the Application Package", "How to Fill Out the Application for Federal Domestic Assistance SF-424", and "How to Prepare Your Budget Proposal".

**Grant Opportunities**

Listed are our current grant categories. If the deadline has passed, the announcement is being revised and will appear at least 90 days before the new deadline.

- **Archives Leadership Institute**  
The National Historical Publications and Records Commission seeks proposals from organizations to continue the Archives Leadership Institute.  
• Final Deadline: October 6, 2011
- **Documenting Democracy: Access to Historical Records**  
The National Historical Publications and Records Commission seeks proposals that promote the preservation and use of the nation's most valuable archival resources. Projects should expand our understanding of the American past by facilitating and enhancing access to primary source materials.  
• Final Deadline: October 6, 2011
- **Digitizing Historical Records**  
The National Historical Publications and Records Commission seeks proposals that use cost-effective methods to digitize nationally significant historical record collections and make the digital versions freely available online. Projects must make use of existing holdings of historical repositories and consist of entire collections or series. The materials should already be available to the public at the archives and described so

**Questions?**

## National Endowment for the Arts

Agency Grant Overview - <http://nea.gov/grants/apply/index.html>

For an overview of the NEA's funding opportunities, please see the **NEA Grants Workshop** presentation.

The series of **Arts Works guidelines webinars** for each discipline has now concluded. All of **the sessions are archived** on our YouTube channel.

A screenshot of the National Endowment for the Arts (NEA) Grants website. The header features the NEA logo and the text "National Endowment for the Arts" and "Grants :: Apply for a Grant". A navigation bar includes "NEA Home" and a "GO" button. The main content area provides information about funding opportunities, including deadlines for FY 2013 and FY 2012. It lists various artistic disciplines such as Artist Communities, Museums, Arts Education, Music, Dance, Musical Theater, Design, Opera, Folk & Traditional Arts, Presenting, Literature, State and Regional, Local Arts Agencies, Theater, and Media Arts, Visual Arts. A sidebar on the right contains links to "What is Grants.gov?", "Who should use Grants.gov?", "Register for Grants.gov", "Register or Renew/Verify your Grants.gov Registration", "Sign up to be notified of funding opportunities", "Have questions? Should I contact Grants.gov or the NEA?", "Grants.gov Tips", and "Contact Grants.gov" with contact information. At the bottom, there are links for "Privacy Policy", "Important Notices", "Contact Us", and "USA.gov", along with social media icons and a "SHARE" button.

| <b>Agency Name:</b>                            | National Endowment for the Arts   |
| <b>Description:</b>                            | The United States Mint is seeking artists interested in taking coin and medal design in new directions and trying new approaches as part of our endeavor to ensure that the designs on United States coins and medals are of the highest quality to best represent our country for years to come. The United States Mint will award contracts to up to 20 artists to participate in the United States Mint Artistic Infusion Program (AIP) and submit designs for selected coin and medal programs.   |

Depending on the number of active years in the AIP, artists receive between \$2000 and \$3000 for each design submission and an additional \$5000 if their design is selected and used for a coin or medal design. All selected designs are sculpted by United States Mint Sculptor-Engravers, who also prepare designs for coin and medal programs. Artists of selected designs are named as designer in historical documents, Certificates of Authenticity and promotional materials. In most cases, the artist's initials appear on the final coins or medals (along with the initials of the United States Mint Sculptor-Engraver who sculpted the selected design).

City or township governments

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Private institutions of higher education

State governments

Public and State controlled institutions of higher education

County governments

Native American tribal governments (Federally recognized)

Special district governments

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

National Endowment for the Humanities

**Agency Name:**

**Description:**

Media Projects grants support the following formats: interactive digital media; film and television projects; and radio projects. Interactive digital media may be websites, games, mobile applications, virtual environments, streaming video, podcasts, or other digital formats. Film and television projects may be single programs or a series addressing significant figures, events, or ideas and drawing their content from humanities scholarship. The programs must be intended for national distribution. The program welcomes projects ranging in length from short-form to broadcast-length video. Radio projects may involve single programs, limited series, or segments within an ongoing program. They may also develop new humanities content to augment existing radio programming or add greater historical background or humanities analysis to the subjects of existing programs. They may be intended for regional or national distribution.

NEH encourages projects that feature multiple formats to engage the public in the exploration of humanities ideas. Proposed projects might include complementary components that expand or deepen the audience's understanding of a subject: for example, museum exhibitions, book/film discussion programs, or other formats that engage audiences in new ways. Media Projects grants may not, however, be used to support programs; general operating costs. Grant Categories Development grants enable media producers to

collaborate with scholars to develop humanities content and to prepare programs for production. Grants should result in a script or a design document and should also yield a detailed plan for outreach and public engagement in collaboration with a partner organization or organizations. Production grants support the production and distribution of digital projects, films, television programs, radio programs, and related programs that promise to engage the public.

the IRS, other than institutions of higher education  
City or township governments  
County governments  
National Endowment for the Humanities  
This program is designed to fund the  
implementation of innovative digital-humanities  
projects that have successfully completed a start-  
up phase and demonstrated their value to the field.  
Such projects might enhance our understanding of  
central problems in the humanities, raise new  
questions in the humanities, or develop new  
digital applications and approaches for use in the  
humanities. The program can support innovative  
digital-humanities projects that address multiple  
audiences, including scholars, teachers, librarians,  
and the public. Applications from recipients of  
NEH's Digital Humanities Start-Up Grants are  
welcome. Unlike NEH's start-up grant program,  
which emphasizes basic research, prototyping,  
experimentation, and potential impact, the Digital  
Humanities Implementation Grants program seeks  
to identify projects that have successfully  
completed their start-up phase and are well  
positioned to have a major impact. Proposals are  
welcome for digital initiatives in any area of the  
humanities. Digital Humanities Implementation  
Grants may involve research that brings new  
approaches or documents best practices in the  
study of the digital humanities; implementation of  
computationally-based methods or techniques for  
humanities research; implementation of new  
digital tools for use in humanities research, public  
programming, or educational settings; efforts to  
ensure the completion and long-term sustainability  
of existing digital resources (typically in  
conjunction with a library or archive); scholarship  
that examines the history, criticism, and  
philosophy of digital culture and its impact on

society; scholarship or studies that examine the philosophical or practical implications of the use of emerging technologies in specific fields or disciplines of the humanities, or in interdisciplinary collaborations involving several fields or disciplines; or implementation of new digital modes of scholarly communication that facilitate peer review, collaboration, or the dissemination of humanities scholarship for various audiences.

## **National Science Foundation**

### **General Funding Overview**

The National Science Foundation funds research and education in most [fields of science and engineering](#). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States. The Foundation accounts for about one-fourth of federal support to academic institutions for basic research.

NSF receives approximately 40,000 proposals each year for research, education and training projects, of which approximately 11,000 are funded. In addition, the Foundation receives several thousand applications for graduate and postdoctoral fellowships.

The agency operates no laboratories itself but does support National Research Centers, user facilities, certain oceanographic vessels and Antarctic research stations. The Foundation also supports cooperative research between universities and industry, US participation in international scientific and engineering efforts, and educational activities at every academic level.

## Small Business Administration

### General Overview Finding Loans & Grants

Federal, state and local governments offer a wide range of financing programs to help small businesses start and grow their operations. These programs include low-interest loans, venture capital, and scientific and economic development grants.

Use SBA.gov's [Loans and Grants Search Tool](#) to get a list of financing programs for which you may qualify, or visit the resources below to learn more about small business financing programs. To get to the main SBA.gov funding page [click here](#)

The screenshot displays the SBA.gov homepage with a focus on the 'Finding Loans & Grants' section. The header includes the SBA.gov logo, social media icons, a search bar, and navigation links. The main navigation bar features categories like 'Starting & Managing', 'Loans & Grants', 'Contracting', 'Learning Center', 'Local Assistance', and 'SBA Direct'. The 'Finding Loans & Grants' section provides an overview of financing programs and highlights the 'Loans and Grants Search Tool'. A sidebar on the left lists various business-related topics, and a right sidebar offers 'SBA Direct' and 'Get Local Assistance' options.

Starting or growing a business? Owning a small business can be a fulfilling endeavor, but as you probably already know or are just finding out – it requires that you wear many hats. This of course leaves you with little time to take a deep dive into the many aspects of starting and growing a business. Instead, many business owners turn to search engines for answers when questions come up.

But what if you had access to a small business classroom that provided informed, accurate and always-available access to the advice and guidance you need?

Welcome to the **SBA Small Business Learning Center**.

#### Online Training and Tools for Small Business Owners

Launched in late 2012, the SBA Small Business Learning Center is an online portal that hosts a variety of self-paced online training courses, quick videos, web chats and more to help small business owners explore and learn about the many aspects of business ownership.

Content is filtered by topic, so no matter the stage of your business, or the kind of insight you need, you can quickly get answers.

For example, if you're wondering how SBA loan programs work or just need a primer in accounting or small business taxes, check out these self-paced online financing courses and short videos. Or explore tips from the pros in these archived SBA Web Chats.

Other topics covered include starting a business as a young entrepreneur, an introduction to franchising, taking your business global with exporting, marketing 101, selling to the U.S. government, and much more.

#### Get More Help Offline

And if you can't find the training or advice that you need, use the "Get Local Assistance" interactive map to find one of many small business counseling, assistance and mentoring organizations in your community.

Browse around, and let us know what you think about the SBA Small Business Learning Center!

The Small Business Administration has a Newsletter that is available to Georgia residents online. To sign up for your own subscription go to:

The U.S. Small Business Administration is accepting nominations for its 2014 Small Business Week Awards, including the Georgia Small Business Person(s) and Exporter of the Year awards.

Nominations must be made online at <http://nationalsmallbusinessweek.sba.gov/>, where guidelines and additional information can also be found. Nominations must be submitted to the SBA no later than **Friday, Jan. 17, 2014**.

**Guidelines for nominating Georgia Small Business Champions will be released early**

**January 2014 and nominations will be accepted through March 1<sup>st</sup>.**

Nominations may be submitted by any individual or organization dedicated to the support of the small business community in the United States. Individuals may self-nominate for these awards. Individuals may not be nominated for more than one SBW 2014 award category.

For over 50 years the SBA has honored the nation's small businesses during Small Business Week. Winners for the Georgia Small Business Person and Exporter of the year will compete for the National awards, which will be presented in Washington, D.C., May 12-16 2014.

For more information, please contact Mark D. Gibson, SBA Georgia District Public Affairs, [mark.gibson@sba.gov](mailto:mark.gibson@sba.gov).

**Agency Name:**

Chief Business Office

**Description:**

The U.S. Department of Veterans Affairs (VA), Veterans Transportation Program (VTP) is pleased to announce that it is seeking applicants for Grants for Transportation of Veterans in Highly Rural Areas. This program furthers the Department's mission by establishing a program to provide grants to eligible recipients to assist veterans in highly rural areas through innovative transportation services to travel to Department of Veterans Affairs Medical Centers (VA Medical Centers), and to otherwise assist in providing transportation services in connection with the provision of VA medical care to these veterans.

## **REMINDERS!**

### **The Small Business Innovative Research Program - SBIR Program**

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

## **SBIR Mission and Program Goals**

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

## **SBIR-Participating Agencies**

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- Department of Commerce - [National Oceanic and Atmospheric Administration](#)
- [Department of Defense](#)
- [Department of Education](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

## **Three-Phase Program**

The SBIR Program is structured in three phases:

*Phase I.* The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal

support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

*Phase II.* The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

*Phase III.* The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government

purpose of the modification is to give SWM applicants additional time to compensate for the federal government shutdown.

Jan 31, 2014 The application period has been modified. The application period has been extended to January 31, 2014 for FY14 only. Any applications received after October 1, 2013 will be accepted. The purpose of the modification is to give SWM applicants additional time to compensate for the federal government shutdown.

**Archive Date:**

Mar 2, 2014

**Estimated Total Program Funding:**

\$3,400,000

**Award Ceiling:**

\$0

**Award Floor:**

\$0

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** An organization is eligible to receive a SWM grant if it: a. Is a private, non-profit organization that has tax-exempt status from the United States Internal Revenue Service (IRS); b. Is a Public body; c. Is a federally acknowledged or State-recognized Native American tribe or group; d. Is an Academic institution; e. Is legally established and located within one of the following: a state within the United States, the District of Columbia, the Commonwealth of Puerto Rico, a United States territory f. Has the legal capacity and authority to carry out the grant purpose; g. Has a proven record of successfully providing technical assistance and/or training to rural areas; h. Has capitalization acceptable to the Agency, and is composed of at least 51 percent of the outstanding interest or membership being citizens of the United States or individuals who reside in the United States after being legally admitted for permanent residence; i. Has no delinquent debt to the Federal Government or no outstanding judgments to repay a Federal debt; j. Demonstrates that it possesses the financial, technical, and managerial capability to comply with Federal and State laws and requirements. k. Contracts with a nonaffiliated organization for not more than 49 percent of the grant to provide the proposed assistance.

**Agency Name:** Utilities Programs

**Description:** Funds may be used to: Evaluate current landfill conditions to determine threats to water resources in rural areas; provide technical assistance and/or training to enhance operator skills in the maintenance and operation of active landfills in rural areas; provide technical assistance and/or training to help associations reduce the solid waste stream; and provide technical assistance and/or training for operators of landfills in rural areas which are closed or will be closed in the near future with the development/implementation of closure plans, future land use plans, safety and maintenance planning, and closure scheduling within permit requirements. Grant funds may not be used to: Recruit preapplications/applications for any loan and/or grant program including RUS Water and Waste Disposal Loan and/or Grant Program; duplication of current services, replacement or substitution of support previously provided such as those performed by an association's consultant in developing a project; fund political activities; pay for capital assets, the purchase of real estate or vehicles, improve and renovate office

space, or repair and maintain privately-owned property; pay for construction or operation and maintenance costs of water and waste facilities; and pay costs incurred prior to the effective date of grants made under this subpart.

Jan 31, 2014 All applications may be filed on or after November 1, 2013 and must be received by close of business or postmarked by midnight January 31, 2014. Any applications received on or after October 1 will also be accepted. The modification is for Fiscal Year 2014 only. The extension in the application filing period will offset lost time to potential TAT applicants due to the Federal Government shutdown.

**Archive Date:**

Mar 2, 2014

**Estimated Total Program Funding:**

\$17,000,000

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**

Eligibility criteria for TAT grants is as follows: (a) Entities eligible for grants must be private nonprofit organizations with tax exempt status, designated by the Internal Revenue Service. A nonprofit organization is defined as any corporation, trust, association, cooperative, or other organization that: (1) Is operated primarily for scientific, education, service, charitable, or similar purposes in the public interest. (2) Is not organized primarily for profit. (3) Uses its net proceeds to maintain, improve, and/or expand its operations. (b) Entities must be legally established and located within a state as defined in § 1775.2. (c) Organizations must be incorporated by December 31 of the year the application period occurs to be eligible for funds. (d) Private businesses, Federal agencies, public bodies, and individuals are ineligible for these grants. (e) Applicants must also have the proven ability, background, experience (as evidenced by the organization's satisfactory completion of project(s) similar to those proposed), legal authority, and actual capacity to provide technical assistance and/or training on a regional basis to associations as provided in § 1775.33. To meet the requirement of actual capacity, an applicant must either: (1) Have the necessary resources to provide technical assistance and/or training to associations in rural areas through its staff, or (2) Be assisted by an affiliate or member organization which has such background and experience and which agrees, in writing, that it will provide the assistance, or (3)

**Agency Name:**

**Description:**

Contract with a nonaffiliated organization for not more than 49 percent of the grant to provide the proposed assistance.

Utilities Programs

Funds may be used to pay expenses associated with providing technical assistance and/or training (TAT) to identify and evaluate solutions to water problems relating to source, storage, treatment, and distribution, and to waste disposal problems relating to collection, treatment, and disposal; assist applicants that have filed a preapplication with RUS in the preparation of water and/or waste disposal loan and/or grant applications; and to provide training that will improve the management, operation and maintenance of water and waste disposal facilities. Grant funds may not be used to recruit applications, duplicate current services such as those performed by a consultant in developing a project, fund political activities, pay for capital assets, purchase real estate or vehicles, improve and renovate office space or repair and maintain privately owned property, pay construction or O&M costs, and pay costs incurred prior to the effective date of grants made.

on developing the next generation of research, education, and extension professionals in the food and agricultural sciences who will lead agriculture into the future by solving current and future challenges facing our society. The AFRI NIFA Fellowships Grant Program targets talented, highly-motivated doctoral candidates and post-doctoral trainees that demonstrate remarkable promise and the potential to become gifted education, extension, and research professionals in the United States. The NIFA Fellows are individuals who have the potential for remarkable accomplishments in agricultural science. The Program seeks to develop the technical and academic competence of doctoral candidates and the research independence and teaching competencies of postdoctoral students in the food, forestry and agricultural sciences, which are within NIFA's AFRI Challenge Areas, through well-developed and highly interactive mentoring and training activities. Project types supported by AFRI within this RFA include single-function Research, Education, and Extension Projects and multi-function Integrated Research, Education, and/or Extension Projects.

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**

Eligible applicants include institutions of higher education; other nonprofits; commercial organizations; foreign governments; organizations under the jurisdiction of foreign governments; international organizations; state, local and Indian tribal Governments; and Federal agencies. PLEASE NOTE: Before non-NOAA Federal applicants may be funded, they must demonstrate that they have legal authority to receive funds from another Federal agency in excess of their appropriation. Because this announcement is not proposing to procure goods or services from applicants, the Economy Act (31 USC 1535) is not an appropriate legal basis.

**Agency Name:**

Department of Commerce

**Description:**

Summary: OER is seeking pre-proposals and, ultimately, full proposals to support its mission, consistent with NOAA's Next Generation Strategic Plan (<http://www.ppi.noaa.gov/wp-content/uploads/noaa>), to search, investigate, and document poorly-known and unknown ocean areas through interdisciplinary exploration, and to advance and disseminate knowledge of the ocean environment and its physical, chemical, archaeological, and biological resources. The office priorities for this opportunity support NOAA's mission goals of: Healthy Oceans, Climate Adaptation and Mitigation, and Resilient Coastal Communities and Economies, as well as many of the elements of the President's National Ocean Policy. Competitive ocean exploration proposals will be bold, innovative and interdisciplinary in their approach. NOAA OER anticipates a total of approximately \$3,000,000 including costs for ship and submersible assets will be available through this announcement. Only exploration proposals will be considered for funding, any other type of proposed project will not be reviewed. See Section I.B. for thematic priorities. To familiarize themselves with

past and present OER-funded activities, applicants are encouraged to visit the Ocean Explorer Website <http://oceanexplorer.noaa.gov>. Background on how to apply and the required proposal coversheets are accessible through the OER Office Website at <http://explore.noaa.gov>. Pre-proposal submissions by non-Federal or Federal applicants are to be e-mailed to [oyer.ffo2014@noaa.gov](mailto:oyer.ffo2014@noaa.gov). Please put your last name in the subject heading along with the words OER Pre-proposal, e.g., "Jones OER Pre-proposal." Adobe PDF format is preferred. If an eligible applicant can prove he/she does not have internet access, contact the Agency Contact listed in section VII for submission instructions. Full proposal submissions from non-Federal applicants must be submitted through Grants.gov. If an eligible applicant can prove he/she does not have internet access, contact the Agency Contact listed in section VII for submission instructions. No e-mail or facsimile full proposal submissions will be accepted from non-Federal applicants. Full proposal submissions from Federal applicants are to be submitted by e-mail to [oyer.ffo2014@noaa.gov](mailto:oyer.ffo2014@noaa.gov). No facsimile full proposal submissions will be accepted from Federal applicants. For questions send messages to [oyer.ffo2014@noaa.gov](mailto:oyer.ffo2014@noaa.gov). Questions and responses will be posted at <http://explore.noaa.gov>.

State governments  
 County governments  
 City or township governments  
 Public and State controlled institutions of higher education  
 Native American tribal governments (Federally recognized)  
 Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education  
 Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education  
 Private institutions of higher education  
 Others (see text field entitled "Additional Information on Eligibility" for

clarification)

**Additional Information on Eligibility:**

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

**Agency Name**

Economic Development Administration

**Description**

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

FY 2013 Economic Development Assistance Programs Grant

|   |  |
|---|--|
| Document Type:                          | Modification to Previous Grants Notice   |
| Funding Opportunity Number:             | EDAP2013   |
| Opportunity Category:                   | Discretionary  |
| Posted Date:                            | Nov 26, 2012   |
| Creation Date:                          | Nov 27, 2012   |
| Original Closing Date for Applications: | <p>The deadlines for the remaining funding cycles of FY 2013 and the first funding cycle of FY 2014 are listed below. The first funding cycle of FY 2013 is covered under EDA's FY 2012 Economic Development Assistance programs (EDAP) FFO dated November 18, 2011. EDA strongly encourages electronic submissions of applications through <a href="http://www.grants.gov">www.grants.gov</a> (Grants.gov). To be considered during a particular funding cycle, completed applications must be validated and time-stamped at Grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Alternatively, paper applications may be delivered to the applicable regional office listed in section VIII. of this FFO. Paper applications must be received no later than 5:00 p.m. local time in the applicable regional office on the funding cycle deadline and the applicant must use a delivery confirmation service from their selected carrier. If your application is received after the deadline, it will be considered late and will not be reviewed by EDA for that funding cycle. EDA will</p> |

not accept facsimile or email transmissions of applications. The next four funding cycle deadlines are: December 13, 2012 for funding cycle 2 of FY 2013; March 13, 2013 for funding cycle 3 of FY 2013; June 13, 2013 for funding cycle 4 of FY 2013; and September 13, 2013 for funding cycle 1 of FY 2014. Please see section IV.C. of this FFO for more information on application deadlines under this announcement.

**Current Closing Date for Applications:** The deadlines for the remaining funding cycles of FY 2013 and the first funding cycle of FY 2014 are listed below. The first funding cycle of FY 2013 is covered under EDA's FY 2012 Economic Development Assistance programs (EDAP) FFO dated November 18, 2011. EDA strongly encourages electronic submissions of applications through [www.grants.gov](http://www.grants.gov) (Grants.gov). To be considered during a particular funding cycle, completed applications must be validated and time-stamped at Grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Alternatively, paper applications may be delivered to the applicable regional office listed in section VIII. of this FFO. Paper applications must be received no later than 5:00 p.m. local time in the applicable regional office on the funding cycle deadline and the applicant must use a delivery confirmation service from their selected carrier. If your application is received after the deadline, it will be considered late and will not be reviewed by EDA for that funding cycle. EDA will not accept facsimile or email transmissions of applications. The next four funding cycle deadlines are: December 13, 2012 for funding cycle 2 of FY 2013; March 13, 2013 for funding cycle 3 of FY 2013; June 13, 2013 for funding cycle 4 of FY 2013 ; and September 13, 2013 for funding cycle 1 of

**FY 2014.** Please see section IV.C. of this FFO for more information on application deadlines under this announcement.

Funding Instrument Type:

Cooperative Agreement  
Grant

Category of Funding Activity:

Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)  
Regional Development

Category Explanation:

The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Federal Funding Opportunity (FFO) announcement, EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance Programs. Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP FFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving

economic conditions.

### **Eligible Applicants**

State governments

County governments

City or township governments

Public and State controlled institutions of higher education

Native American tribal governments (Federally recognized)

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher  
education

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions  
of higher education

Private institutions of higher education

Others (see text field entitled "Additional Information on Eligibility" for  
clarification)

### **Additional Information on Eligibility:**

Pursuant to EDA's authorizing statute, the Public Works and Economic Development Act of 1965 (PWEDA), eligible applicants for and eligible recipients of EDA investment assistance include a (n): (i) District Organization; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See section 3 of PWEDA (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants directly to individuals or to for-profit entities seeking to start or expand a private business. Such requests may be referred to State or local agencies, or to non-profit economic development organizations serving the region in which the project will be located.

### **Agency Name**

## Economic Development Administration

### Description

EDA provides strategic investments that foster job creation and attract private investment to support development in economically distressed areas of the United States. Under this FFO, EDA solicits applications from both rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and Economic Adjustment Assistance programs. Grants made under these programs are designed to leverage existing regional assets to support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities.

Regional Development

**Category Explanation:**

The mission of the Corporation for National and Community Service (CNCS) is to improve lives, strengthen communities, and foster civic participation through service and volunteering. CNCS through its AmeriCorps and Senior Corps programs has helped to engage millions of citizens in meeting community and national challenges through service and volunteer action. This AmeriCorps State and National (AmeriCorps) Notice of Federal Funding Opportunity Notice (Notice) will focus grant making for fiscal year 2014 in six focus areas: Disaster Services. Economic Opportunity. Education. Environmental Stewardship. Healthy Futures. Veterans and Military Families. Indian Tribes are eligible to apply to this Notice; however a separate Notice of Federal Funding Opportunity for Indian Tribes for either fully operational or planning grants will be released later in the fall with an application deadline of spring 2014. In order to maximize the impact of the public investment in national service, CNCS will provide grants to programs that demonstrate that they will engage

AmeriCorps members in an evidence-based or evidence-informed approach to providing a service intervention that will result in intended solutions to community problems (e.g., based on proposed program's performance and evaluation data or research demonstrating the effectiveness of a similar intervention). Applicants will be awarded points for providing evidence that their proposed intervention will lead to the outcomes identified in the theory of change (logic model). Applicants shall provide evidence that the proposed intervention is effective for the proposed population and community challenge. In order to maximize the impact of the public investment in national service, CNCS will provide grants to programs that demonstrate that they will engage AmeriCorps members in an evidence-based or evidence-informed approach to providing a service intervention that will result in intended solutions to community problems (e.g., based on proposed program's performance and evaluation data or research demonstrating the effectiveness of a similar intervention). Applicants will be awarded points for providing evidence that their proposed intervention will lead to the outcomes identified in the theory of change (logic model). Applicants shall provide evidence that the proposed intervention is effective for the proposed population and community challenge. CNCS believes that all America

Public and State controlled institutions of higher education  
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education  
Native American tribal organizations (other than Federally recognized tribal governments)

**Additional Information on Eligibility**

Public or private nonprofit organizations, including faith-based and other community organizations; institutions of higher education; government entities within states or territories (e.g., cities, counties); labor organizations; partnerships and consortia; Tribes; and intermediaries planning to subgrant awarded funds are encouraged to apply.

Receiving funding previously from CNCS or another Federal agency is not a prerequisite to applying under this Notice. Organizations that have been convicted of a Federal crime are disqualified from receiving the assistance described in this Notice. Pursuant to the Lobbying Disclosure Act of 1995, an organization described in Section 501 (c)(4) of the Internal Revenue code of 1986, 26 U.S.C. § 501 (c)(4), that engages in lobbying activities is not eligible to apply. New Applicants CNCS encourages organizations that have never received funding from CNCS or AmeriCorps to apply for the grants described in this Notice. New organizations should submit applications with the understanding that the general practice is to award no more than 50 member slots for new Grantees. New applicants are not eligible to receive fixed amount grants. Applicants that must apply through State Commissions Organizations that are proposing a project that operates in only one state must apply to this competition through the Governor-appointed State or Territory Commissions. Each state and territory administers its own selection process and puts forward to CNCS the applicants they select to compete for funding. Organizations should contact their State Commissions to learn about their state or territory processes and deadlines. The list of State and Territory Commissions can be found here:

<http://www.nationalservice.gov/about/contact-us/state-service-commissions>. Applicants that may apply directly to CNCS Applicants in the Commonwealth of the Northern Mariana Islands, American Samoa, and the U.S. Virgin Islands apply directly to CNCS because these Territories have not established a state commission. Applicants are eligible to apply for funds for member support and program costs. Government entities of the Territory are not eligible to apply. CNCS will fund successful applicants with funding allocated to the Territories as part of the formula funding process. Organizations that propose to operate AmeriCorps programs in more than one state or territory apply directly

to CNCS. Tribes apply directly to CNCS.

A. Purpose of AmeriCorps funding AmeriCorps grants are awarded to eligible organizations proposing to engage AmeriCorps members in evidence-based or evidence-informed (e.g., based on proposed program's data or a similar program's data) interventions to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members receive a Segal AmeriCorps Education Award from the National Service Trust. For two decades, the Corporation for National and Community Service (CNCS) has invested in community solutions across the nation -- working hand in hand with local partners to improve lives, expand economic opportunity, and engage millions of Americans in solving problems in their communities. With its unique structure as a public-private partnership and its model of engaging citizens and requiring matching resources from outside parties, national service can benefit the recipients of service, those who serve, local communities, and our nation. Through all its programs, CNCS seeks to expand economic opportunity -- helping Americans acquire the skills, education, and training they need for productive employment. By helping more Americans graduate, pursue higher education, and find work, national service can provide immediate and long term benefits by expanding individual opportunity, building family stability, and creating more sustainable, resilient communities. Through AmeriCorps and its other programs, CNCS brings vital leadership, resources, and coordination to some of the most pressing challenges facing America: educating students for jobs of the 21st century; assisting individuals, families, and neighborhoods on the road to economic recovery; addressing the needs of military families and a new generation of veterans; helping communities rebuild after natural disasters; increasing energy efficiency and improving at-risk ecosystems; and providing information to improve the health and welfare of individuals in disadvantaged communities.

B. Focus Areas In order to carry out Congress' intent and to maximize the impact of investment in national service, CNCS is targeting AmeriCorps funds to the following focus areas: Disaster Services Grant activities will increase the preparedness of individuals, improve individuals' readiness to respond, help individuals recover from disasters, and help individuals mitigate disasters. Grantees also have the ability to respond to national disasters under CNCS cooperative agreements and FEMA mission assignments. Economic Opportunity Grants will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people. Grant activities will help economically disadvantaged people to have improved access to services aimed at contributing to their enhanced financial literacy; transition into or remain in safe, healthy, affordable housing; and have improved employability leading to increased success in becoming employed. Education Grants will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged individuals, especially children. CNCS is particularly interested in program designs that support youth engagement and service-learning as strategies to achieve improved academic outcomes. Grant activities will improve school readiness for economically disadvantaged young children; educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools; and the preparation for, and prospects of

success, in post-secondary educational institutions for economically disadvantaged students. Environmental Stewardship Grants will provide support for direct services that contribute to increased energy and water efficiency, renewable energy use, or improving at-risk ecosystems. In addition, grants will support increased individual behavioral change leading to increased efficiency, renewable energy use, and ecosystem improvements particularly for economically disadvantaged households and communities. Grant activities will decrease energy and water consumption; improve at-risk ecosystems; increase behavioral changes that lead directly to decreased energy and water consumption or improved at-risk ecosystems; and increase green training opportunities that may lead to decreased energy and water consumption or improved at-risk ecosystems. In addition, the Administration is exploring ways to provide service, training, education, and employment opportunities for young Americans through protecting, restoring and enhancing public and tribal lands. CNCS is exploring potential programs along the lines of a “21st century Civilian Service Corps” that can facilitate conservation service work on public lands and encourage a new generation of natural resource managers and environmental scientists, particularly in low income and disadvantaged communities. Healthy Futures Grants will provide support for health needs within communities including access to care, aging in place, and childhood obesity. Grant activities will improve access to primary and preventive health care for communities served by CNCS-supported programs; increase seniors’ ability to remain in their own homes with the same or improved quality of life for as long as possible; and increase physical activity and improve nutrition in youth with the purpose of reducing childhood obesity. Veterans and Military Families Grants will positively impact the quality of life of veterans and improve military family strength. Grant activities will increase the number of veterans and military service members and their families served by CNCS-supported programs and increase the number of veterans and military family members engaged in service through CNCS-supported programs. To the greatest extent possible, proposed activities should be aligned with the Veteran and Military Family National Performance Measures. Governor and Mayor Initiative CNCS will be continuing its pilot of the Governor and Mayor Initiative, which will be given priority consideration in Tier 1. CNCS will accept one application per state. The application must address a pressing challenge the Governor wishes to solve in her or his state. A Governor must apply with one Mayor in his or her state and a minimum of two nonprofits. In conjunction with the Mayor, the Governor will be responsible for identifying and selecting those nonprofits that are best able to achieve a demonstrated positive impact on the problem. The application should include letters of commitment from all relevant parties. If the Governor and Mayor have not yet selected partnering nonprofit entities, they should describe the process that the Governor and Mayor will use to select the nonprofit entities. The application, submitted to the State Commission, will respond to the application criteria and explain how several nonprofits working together, with the Governor’s office serving as a convener, will effectively deploy AmeriCorps members for a collective impact. Only the Governor, Mayor, their designated government office (but not the state commission), or a public university may apply for grants under the Governor and Mayor initiative. Applications from other entities will be deemed non-compliant and will not be considered under this initiative. For example, a Governor and a Mayor in a state could conclude the most pressing challenge facing the state is its high school graduation rate. The Governor and/or Mayor would submit one application

describing: How the partnership will be organized and AmeriCorps resources will be allocated between the partnering entities (State, locality, and nonprofit entities). The proposed theory of change and program model. How they will utilize an identified consortium of nonprofits that are well positioned to achieve outcomes identified in the theory of change.

C. Additional Program Models Capacity Building Grants also will provide support for capacity building activities provided by national service participants. As a general rule, CNCS considers capacity building activities to be indirect services that enable CNCS-supported organizations to provide more, better, and sustained direct services in CNCS' six focus areas. Capacity building activities cannot be solely intended to support the administration or operations of the organization. Examples of capacity building activities include recruiting and/or managing community volunteers; implementing effective volunteer management practices; completing community assessments that identify goals and recommendations; developing new systems and business processes (technology, performance management, training, etc.); or enhancing existing systems and business processes. Encore Programs Congress set a goal that 10 percent of AmeriCorps funding should support encore service programs that engage a significant number of participants age 55 or older. CNCS seeks to meet that 10 percent target in this competition and encourages encore programs to apply. Professional Corps Professional Corps programs recruit and place qualified members in positions as teachers, health care providers, police officers, engineers, or other professionals in communities with an inadequate number of such professionals. Applicants are eligible to apply for funding for a portion of the program costs. Professional Corps members' salaries are paid entirely by the organizations with which the members serve, and are not included in the budget. In order to be considered for funding, applicants must demonstrate that there are an inadequate number of professionals in the community(ies) where the corps seeks to place members. These grants can either be fixed amount or cost reimbursement grants.

D. National Performance Measures The SAA emphasizes measuring the impact of service and focusing on a core set of issue areas. CNCS' five-year Strategic Plan establishes an ambitious set of objectives that support the mission and goals to implement the Serve America Act. These strategic goals guided the development of 16 agency-wide Priority Performance Measures. National Performance Measures allow CNCS to demonstrate aggregated impact of all its national service programs, including AmeriCorps State and National. They are divided in two categories: Priority Measures and Complementary Program Measures. For more information, please refer to the National Performance Measure Instructions.

E. 2014 AmeriCorps Funding Priorities In the FY 2014 AmeriCorps competition, CNCS seeks to prioritize the investment of national service resources in economic opportunity, education, veterans and military families, disaster services, and the Governor and Mayor Initiative. CNCS will continue to focus on national service programs that improve academic outcomes for children, youth, and young adults. This focus reflects the extensive experience and past success of national service programs in education, and aligns with the efforts of the Department of Education. In addition, CNCS seeks to increase its investment in programs that serve veterans and military families or engage veterans and military families in service. CNCS will also focus investment in programs that increase community resiliency through disaster preparation, response, recovery, and mitigation. CNCS will focus investment in programs that increase economic opportunities for communities and AmeriCorps members. Finally, CNCS will focus on summer

programming for K-12 students, especially those programs that address the academic “summer slide.” Proposed activities will engage youth and young adults as summer members to help support summer reading, math, science, and environmental learning activities for youth in rural and urban areas most likely at risk of summer learning loss. CNCS will seek to build a diversified portfolio across the focus areas, and other considerations are outlined below in Section V. B. Applicants proposing programs that receive priority consideration are not guaranteed funding. Furthermore, programs must demonstrate significant program focus, design, and outcomes to receive priority consideration. CNCS will give priority consideration to applicants in the following Tiers, in descending order of preference: Tier 1: Programs that select: Complementary Program Measures in Economic Opportunity (Programs that select O12, O14, O15, O17 must also select an additional Priority or Complementary Program Measure from Tier 1, 2, or 3 that measures community impact), or Priority Measures in Veterans and Military Families, or Priority Measures in Disaster Services, or A Governor and Mayor Initiative NOTE: CNCS’ expectation is that if Tier 1 is selected at least 30% of your MSYs are in the complementary program measures or priority measures above. If that is not the case and Tier 1 has been selected, please explain in the narrative why it was not possible to meet the 30% threshold. Programs that fit these Priority or Complementary Program Measures should use these measures. These measures can be found in Section IX, Tier 1. Tier 2: Programs that select Priority Measures in: Environmental Stewardship, or Healthy Futures, or Capacity Building Education and are not serving 100% in schools that received awards under the School Improvement Grants (SIG) program and are implementing one of the SIG school intervention models and/or Priority Schools identified by a State educational agency (SEA) that has received approval from the Department of Education of its request for Elementary and Secondary Education Act (ESEA) flexibility, or Programs that have selected Priority Measures other than those in Tier 1 for: Economic Opportunity NOTE: CNCS’ expectation is that if Tier 2 is selected at least 30% of your MSYs are in the priority measures above. If that is not the case and Tier 2 has been selected, please explain in the narrative why it was not possible to meet the 30% threshold. Programs that fit these Priority Measures should use these measures. These measures can be found in Section IX, Tier 1 or 2. Applicants whose members will be serving in schools that received awards under the School Improvement Grants (SIG) program and are implementing one of the SIG school intervention models and/or Priority Schools identified by a State educational agency (SEA) that has received approval from the Department of Education of its request for Elementary and Secondary Education Act (ESEA) flexibility must check the box on the Performance Measure tab in eGrants “SIG/Priority Schools” to be considered for Tier 1. The “NCES School ID” will need to be entered in the service location information at the time the members are enrolled. Tier 3: Programs that select Complementary Program Measures. These measures can be found in Section IX. Tier 3. Tier 4: Programs in the Focus Areas with self-nominated measures. Tier 5: Programs outside the Focus Areas with self-nominated measures. Continuation requests for expansion will receive priority consideration and preference in the same manner as described above.

## Description:

This Broad Agency Announcement (BAA), which sets forth research areas of interest to the Army Research Laboratory (ARL) Directorates and Army Research Office (ARO), is issued under the paragraph 6.102(d)(2) of the Federal Acquisition Regulation (FAR), which provides for the competitive selection of basic research proposals. Proposals submitted in response to this BAA and selected for award are considered to be the result of full and open competition and in full compliance with the provision of Public Law 98-369, "The Competition in Contracting Act of 1984" and subsequent amendments.

Estimated Total Program Funding:  
Award Ceiling:  
Award Floor:  
CFDA Number(s): 12.431 -- Basic Scientific Research  
Cost Sharing or Matching Requirement: No

### **Eligible Applicants**

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

### **Additional Information on Eligibility:**

### **Agency Name**

Dept. of the Army -- Materiel Command

### **Description**

This Broad Agency Announcement (BAA), which sets forth research areas of interest to the Army Research Laboratory (ARL) Directorates and Army Research Office (ARO), is issued under the paragraph 6.102(d)(2) of the Federal Acquisition Regulation (FAR), which provides for the competitive selection of basic research proposals. Proposals submitted in response to this BAA and selected for award are considered to be the result of full and open competition and in full compliance with the provision of Public Law 98-369, "The Competition in Contracting Act of 1984" and subsequent amendments.

hereby announces its continuing interest in receiving grant applications for support of work in the following program areas: Advanced Scientific Computing Research, Basic Energy Sciences, Biological and Environmental Research, Fusion Energy Sciences, High Energy Physics, and Nuclear Physics. On September 3, 1992, DOE published in the Federal Register the Office of Energy Research Financial Assistance Program (now called the Office of Science Financial Assistance Program), 10 CFR 605, as a Final Rule, which contained a solicitation for this program. Information about submission of applications, eligibility, limitations, evaluation and selection processes and other policies and procedures are specified in 10 CFR 605.

**Cost Sharing or Matching Requirement:**

No

**Posted Date:**

Sep 30, 2013

**Creation Date:**

Sep 30, 2013

**Original Closing Date for Applications:**

Jan 9, 2014 Letters of intent are mandatory and must be submitted by 11/13/2013 in accordance with the instructions in the FOA. Formal applications received from an applicant who has not submitted a letter of intent will not be considered for an award.

**Current Closing Date for Applications:**

Jan 9, 2014 Letters of intent are mandatory and must be submitted by 11/13/2013 in accordance with the instructions in the FOA. Formal applications received from an applicant who has not submitted a letter of intent will not be considered for an award.

**Archive Date:**

Sep 30, 2014

**Estimated Total Program Funding:**

\$0

**Award Ceiling:**

\$0

**Award Floor:**

\$0

**Eligible Applicants:**

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Additional Information on Eligibility:**

U.S. citizens and lawful permanent residents are eligible to apply for funding as a prime recipient (lead organization) or subawardee (team member). For-profit entities, educational institutions, and nonprofits that are incorporated (or otherwise formed) under the laws of a particular State or territory of the United States are eligible to apply for funding as a prime recipient or subawardee. Nonprofit organizations described in section 501(c)(4) of the Internal Revenue Code of 1986 that engaged in lobbying activities after December 31, 1995, are not eligible to apply for funding. State, local, and tribal government entities are eligible to apply for funding as a prime recipient or subawardee. DOE/NNSA National Laboratories are eligible to apply for funding as a prime recipient or subawardee. Non-DOE/NNSA FFRDCs and non-DOE GOGOs are eligible to apply for funding as a subawardee, but are not eligible to apply as a prime recipient. Federal agencies and instrumentalities (other than DOE) are eligible to apply for funding as a subawardee, but are not eligible to apply as a prime recipient. Foreign entities, whether for-profit or otherwise, are eligible to apply for funding under this FOA. Other than as provided in the Individuals or Domestic Entities sections above, all prime recipients receiving funding under this FOA must be incorporated (or otherwise formed) under the laws of a State or territory of the United States. If a foreign entity applies for funding as a prime recipient, it must designate in the Letter of Intent and full application a subsidiary or affiliate incorporated (or otherwise formed) under the laws of a State or territory of the United States to be the prime recipient. A foreign entity, with or without a subsidiary or affiliate incorporated (or otherwise formed) under the laws of a state or territory of the United States, may receive funding as a subawardee (team member).

**Agency Name:**

Office of Science

**Description:**

The Department of Energy, Office of Basic Energy Sciences (BES), is seeking new and renewal applications for Energy Frontier Research Centers

(EFRCs) to conduct fundamental research focused on one or more grand challenges and use-inspired basic research needs? Identified in major strategic planning efforts by BES and the scientific community. The mission of the BES program is to support fundamental research to understand, predict, and ultimately control matter and energy at the electronic, atomic, and molecular levels in order to provide the foundations for new energy technologies and to support DOE's mission emphases in energy, the environment, and national security. EFRCs are intended to bring together the skills and talents of multiple investigators to enable fundamental research to enhance U.S. energy security and to meet the global need for abundant, clean, and economical energy. The full text of the Funding Opportunity Announcement (FOA) is located on FedConnect. Instructions for completing the Grant Application Package are contained in the full text of the FOA, which can be obtained at <https://www.fedconnect.net/FedConnect/?doc=DE-FOA-0001010&agency=DOE>

**Eligible Applicants:** Public and State controlled institutions of higher education

**Agency Name:** Private institutions of higher education  
Golden Field Office

**Description:** Through The U.S. Department of Energy Solar Decathlon 2015 Funding Opportunity Announcement (FOA), the Department of Energy challenges 20 domestic and international affiliated collegiate teams to design, build, and operate solar-powered houses that are cost effective, energy-efficient, and attractive. The winner of the competition is the team that best blends affordability, consumer appeal, and design excellence with optimal energy production and maximum efficiency. The purposes of the Solar Decathlon are to: Educate students and the public about the money-saving opportunities and environmental benefits presented by clean-energy products and design solutions. ? Demonstrate to the public the comfort and affordability of homes that combine energy-efficient construction and appliances with renewable-energy systems available today. Provide participating students with unique training that prepares them to enter our nation's clean-energy workforce. The challenge to the teams competing in Solar Decathlon 2015 is to safely and effectively design, build, and operate solar-powered houses that are cost-effective, energy-efficient, and attractive in less than 24 months. The Department of Energy Solar Decathlon is an educational workforce development program designed to educate university-level students. The Solar Decathlon is also a public outreach demonstration designed to foster greater adoption of clean energy technologies and energy efficiency. The full Funding Opportunity Announcement (FOA) is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov>. Applications must be submitted through the EERE eXCHANGE website to be considered for award. The applicant must first register and create an account on the EERE eXCHANGE website. A User Guide for the EERE eXCHANGE can be found on the EERE website <https://eere-exchange.energy.gov/Manuals.aspx> after logging in to the system. Information on where to submit questions regarding the content of the announcement and where to submit questions regarding submission of applications is found in the full FOA posted on the EERE eXCHANGE website.

**Agency Name:** Idaho Field Office

**Description:** DOE is seeking applications from U.S. universities, national laboratories and industry to conduct Program Supporting, Mission Supporting and Program Directed nuclear energy-related research in support of the major NE-funded research programs. Additionally, DOE has interest in leveraging multiple needs to the extent possible. Appendix D provides a description of key data needs for validating advanced modeling and simulation tools being developed by NE. Researchers should evaluate their applications in light of these data needs and highlight any potential for capturing key data. The definitions that apply to these different areas are as follows: 1. Program Supporting R&D – Program supporting (PS) R&D is focused more directly on programmatic needs and is defined by the statement of objectives developed by the responsible programs. This

R&D is up to three years in duration and should be focused and responsive to the representative statement of objectives, which are not specific to a discipline but can be limiting as defined by the project objective. • U.S. University Principal Investigators (PIs) may apply in support of FC R&D, RC RD&D, NEAMS, and NEET CTD. • National Laboratory, U.S. University, and U.S. Industry PI's may apply in support of NEET CTD. 2. Mission Supporting (MS) R&D – Mission Supporting (MS) R&D is generally more creative, innovative, and transformative, but must also support the NE mission. Mission supporting activities up to three years in duration that could produce breakthroughs in nuclear technology are also invited in response to this FOA, including research in the fields or disciplines of nuclear science and engineering that are relevant to NE's mission but may not fully align with the specific initiatives and programs identified in this FOA. • U.S. University PI'S may apply in support of FC R&D, RC RD&D and Nuclear Energy. 3. Program Directed R&D: Integrated Research Projects (IRPs) – IRPs comprise a significant element of DOE's innovative nuclear research objectives and represent the Program Directed (PD) component of the NE strategy to provide R&D solutions that are most directly relevant to the near-term, significant needs of the NE R&D programs. IRPs are significant projects within specific research areas. IRPs are up to three years in duration and intended to develop a capability within each area to address specific needs, problems, or capability gaps identified and defined by NE. These projects are multidisciplinary and require multi-institutional partners. IRPs may include a combination of evaluation capability development, research program development, experimental work, and computer simulations. IRPs bring together the skills and talents of interdisciplinary investigators to enable fundamental research of a scope and complexity that would not be possible with the standard individual investigator or small group research project. As such, the IRPs will strengthen and complement the existing portfolio of the single PI and small group research projects currently supported within NE. The IRPs will foster unique scientific collaboration that will be critical to success and must be backed by a meaningful and sustained investment. The IRPs are intended to integrate several disciplinary skills in order to present solutions to complex systems design problems that cannot be addressed by a less comprehensive team. Although a proposing team must have a lead university and at least one other university, the proposed project team may include multiple universities and non-university partners (e.g., industry/utility, international, minority-serving institutions (MSI), national laboratory, and underrepresented groups). Key elements for successful IRP management include: 1) A clear lead university with strong scientific leadership and central location for the IRP; 2) To the extent that there is geographic distribution of the IRP participants, a clear commitment to applying state-of-the-art technology and frequent virtual meetings to enable meaningful long distance collaboration; and most importantly 3) a clear organization and management plan for achieving the collaborative and synergistic goals of an IRP and "infusing" a culture of empowered central research management throughout the IRP. • U.S. University PI'S may apply in support of FC R&D, RC RD&D and Nuclear Energy. Workscopes for the respective areas may be found in the appendices to this FOA as follows: • Appendix A: Program Supporting and Mission Supporting workscopes for applications led by university PI's • Appendix B: Program Supporting workscopes for applications led by national laboratory, industry, or university PI's •

Appendix C: Program Directed workscopes led by university PI's

Idaho Field Office

FY2014 Scientific Infrastructure Support for Consolidated Innovative Nuclear Research

Grant

**Document Type:**

Grants Notice

**Funding Opportunity Number:**

DE-FOA-0000999

**Funding Opportunity Title:**

FY2014 Scientific Infrastructure Support for Consolidated Innovative Nuclear Research

**Opportunity Category:**

Discretionary

**Funding Instrument Type:**

Grant

**Category of Funding Activity:**

Energy

**Category Explanation:**

**Expected Number of Awards:**

**CFDA Number(s):**

81.121 -- Nuclear Energy Research, Development and Demonstration

**Cost Sharing or Matching Requirement:**

Yes

**Posted Date:**

Oct 31, 2013

**Creation Date:**

Oct 31, 2013

**Original Closing Date for Applications:**

Apr 3, 2014

**Current Closing Date for Applications:**

Apr 3, 2014

**Archive Date:**

May 3, 2014

**Estimated Total Program Funding:**

\$6,500,000

**Award Ceiling:**

\$3,000,000

**Award Floor:**

\$1

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Restricted Eligibility 1) Universities and Colleges In accordance with 10 CFR 600.6(b), eligibility for award is restricted to U.S. universities and colleges. Underrepresented Groups and Minority-Serving Institutions (e.g., Historically Black Colleges and Universities, Hispanic Serving Institutions, Tribal Serving Institutions) are encouraged to apply. The following link provides the list of minority serving institutions: <http://www.ed.gov/about/offices/list/ocr/edlite-minorityinst.html>. If the University has an award in progress from DOE under one of the FOA areas specified in the Infrastructure FOA from a previous year's FOA, the University may be ineligible to apply for a new award under this Infrastructure FOA opportunity. Existing projects must be completed and all associated funds in excess of \$250,000 must be costed prior to the application due date to be considered for an award. 2)

DOE/NNSA Federally Funded Research and Development Centers (FFRDCs)

DOE/NNSA Federally Funded Research and Development Centers (FFRDCs) and DOE Government-Operated Government-Owned laboratories (GOGOs) are eligible to apply for funding under the General Scientific Infrastructure Support for Consolidated Innovative Nuclear Research and for the NEET CTD as a prime recipient.

**Agency Name:** Idaho Field Office

**Description:** DOE is seeking applications under this Infrastructure FOA in the following areas: 1. University Reactor Upgrades Infrastructure Support 2. General Scientific Infrastructure Support for Universities and DOE National Laboratories. An application to either of these FOA areas is restricted to equipment or activities supporting research, teaching, and education, such as the purchase, set-up, and vendor installation costs for equipment and instrumentation, as well as building modifications that immediately support the installation and operation of the equipment.

**Eligible Applicants:**

Unrestricted (i.e., open to any type of entity above),  
subject to any clarification in text field entitled  
"Additional Information on Eligibility"

**Agency Name:** Headquarters

**Description:** U.S. Department of Energy Advanced Research Projects Agency – Energy Announcement of Teaming Partner List for Upcoming Funding Opportunity  
Announcement: Reliable Electricity Based on Electrochemical Systems (REBELS) The Advanced Research Projects Agency Energy (ARPA-E) intends to issue a Funding Opportunity Announcement (FOA) entitled Reliable Electricity Based on Electrochemical Systems (REBELS) to solicit applications for financial assistance to fund new intermediate temperature fuel cell (ITFC) technologies that efficiently generate stationary power from fossil fuels in the near-term, while simultaneously building a bridge to a zero carbon future. Currently, ARPA-E anticipates that there will be three specific areas of interest identified in the REBELS FOA as follows: (1) low-cost, efficient, reliable ITFCs for small distributed generation applications, (2) ITFCs that are capable of in-situ charge storage in an electrode to enable battery-like response to transients, and (3) electrochemical devices that produce liquid fuels from methane using excess renewable resources. Fuel cell systems based on existing Department of Energy R&D programs, such as low temperature polymer exchange membrane (LT-PEM) and high temperature solid oxide fuel cells (HT-SOFCs), will not be areas of interest for the anticipated REBELS FOA. Expertise in the following Technical Areas may be useful in responding to the FOA: intermediate temperature solid electrolytes; intermediate temperature electrocatalysts/electrodes with low or zero platinum group metal (PGM) loading; new approaches to activate carbon/hydrogen bonds for intermediate temperature fuel reforming; new approaches to direct reforming of fuels at a fuel cell electrode; novel fuel cell manufacturing processes without high temperature sintering; integration of fuel cell and battery functionality at the device level (rather than system level); and electrochemical production of liquid fuels. As a general matter, ARPA-E strongly encourages outstanding scientists and engineers from different organizations, scientific disciplines, and technology sectors to form new project teams. Interdisciplinary and cross-sector collaboration spanning organizational boundaries enables and accelerates the achievement of scientific and technological outcomes that were previously viewed as extremely difficult, if not impossible. The Teaming Partner List is being compiled to facilitate the formation of new project teams. The Teaming Partner List will be available on ARPA-E eXCHANGE (<http://arpa-e-foa.energy.gov>), ARPA-E's online application portal, starting in October 2013. The Teaming Partner List will be updated periodically, until the close of the Full Application period, to reflect new Teaming Partners who have provided their information. Any organization that would like to be included on this list should complete all required fields in the following link: <https://arpa-e-foa.energy.gov/Applicantprofile.aspx>. Required information includes: Organization Name, Contact Name, Contact Address, Contact Email, Contact Phone, Organization Type, Area of Technical Expertise, and Brief Description of Capabilities. By submitting a response to this Notice, you consent to the publication of the above-referenced information. By facilitating this Teaming Partner List, ARPA-E does not endorse or otherwise evaluate the qualifications of the entities that self-identify themselves for placement on the Teaming Partner List. ARPA-E will not pay for the provision of any information, nor will it compensate any respondents for the

development of such information. Responses submitted to other email addresses or by other means will not be considered. This Notice does not constitute a FOA. No FOA exists at this time. Applicants must refer to the final FOA, expected to be issued by the end of the 2013 calendar year, for instructions on submitting an application and for the terms and conditions of funding.

Golden Field Office

RFI - Building Technologies Office Prioritization Tool Grant

**Document Type:** Grants Notice

**Funding Opportunity Number:** DE-FOA-0001024

**Funding Opportunity Title:** RFI - Building Technologies Office Prioritization Tool

**Opportunity Category:** Discretionary

**Funding Instrument Type:** Cooperative Agreement

**Category of Funding Activity:** Energy

**Category Explanation:**

**Expected Number of Awards:**

**CFDA Number(s):** 81.086 -- Conservation Research and Development

**Cost Sharing or Matching Requirement:** No

**Posted Date:** Oct 25, 2013

**Creation Date:** Oct 25, 2013

**Original Closing Date for Applications:** Dec 24, 2013 Responses required by 12/24/13. This RFI is not a FOA; therefore, DOE is not accepting applications at this time.

**Current Closing Date for Applications:** Dec 24, 2013 Responses required by 12/24/13. This RFI is not a FOA; therefore, DOE is not accepting applications at this time.

**Archive Date:** Feb 26, 2014

**Estimated Total Program Funding:** \$0

**Award Ceiling:** \$0

**Award Floor:** \$0

**Eligible Applicants:** Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Agency Name:** Golden Field Office

**Description:** The U.S. Department of Energy's (DOE) Building Technologies Office (BTO) developed the Prioritization Tool to improve its programmatic decision-making by evaluating the long-term impact to energy consumption by technologies and activities. The tool provides an objective framework for most energy-saving measures and scenarios as well as methodology comparing long-term benefits and end-user costs applied to various markets, end-uses, and lifetimes. BTO seeks comments and information related to the Prioritization Tool that improves the tool's accuracy, applicability and influence technology planning within BTO. Specifically, this notice solicits comments and information on data, assumptions and outputs of various energy efficiency technologies and activities analyzed by the Prioritization Tool. The purpose of this Request for Information (RFI) is to gather feedback from stakeholders prior to DOE potentially issuing a Funding Opportunity Announcement (FOA). This RFI is not a FOA; therefore, DOE is not accepting applications at this time. All responses to this RFI must be provided as an attachment (in Microsoft Word format) to an e-mail message addressed to BTO\_P\_Tool\_RFI@go.doe.gov. Responses must be received no later than 05:00PM EDT on 12/24/2013. The full content of the announcement can be found on the EERE Exchange website at <https://eere-exchange.energy.gov>.

**Link to Additional Information:** <https://eere-exchange.energy.gov>

**Award Floor:** \$0  
**Eligible Applicants:** Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Agency Name:** Golden Field Office

**Description:** The Department of Energy's Office of Energy Efficiency and Renewable Energy (EERE) is soliciting feedback from industry, academia, research laboratories, government agencies, and other stakeholders on issues related to advanced biofuel, bioproducts, and biopower technology validation and potential deployment strategies. EERE is specifically interested in information on advanced biofuel, bioproducts, and biopower technologies that are ready for technology validation at a Technology Readiness Level of 6 or higher. The purpose of this Request for Information (RFI) is to gather feedback from stakeholders prior to DOE potentially issuing a Funding Opportunity Announcement (FOA). This RFI is not a FOA; therefore, DOE is not accepting applications for funding at this time. All responses to this RFI must be provided as an attachment (in Microsoft Word format or PDF) to an e-mail message addressed to [DDRFI@go.doe.gov](mailto:DDRFI@go.doe.gov). Responses must be received no later than 11:59 PM EST on December 6, 2013. The full content of the announcement can be found on the EERE Exchange website at <https://eere-exchange.energy.gov>.

Golden Field Office

Certification and Rating of Attachments for Fenestration Technologies (CRAFT) Grant

**Document Type:** Grants Notice

**Funding Opportunity Number:** DE-FOA-0001000

**Funding Opportunity Title:** Certification and Rating of Attachments for Fenestration Technologies (CRAFT)

**Opportunity Category:** Discretionary

**Funding Instrument Type:** Cooperative Agreement

**Category of Funding Activity:** Energy

**Category Explanation:**

**Expected Number of Awards:**

**CFDA Number(s):** 81.086 -- Conservation Research and Development

**Cost Sharing or Matching Requirement:** Yes  
**Posted Date:** Nov 5, 2013  
**Creation Date:** Nov 5, 2013  
**Original Closing Date for Applications:** Feb 5, 2014  
**Current Closing Date for Applications:** Feb 5, 2014  
**Archive Date:** May 6, 2014  
**Estimated Total Program Funding:** \$0  
**Award Ceiling:** \$0  
**Award Floor:** \$0

### **Eligibility**

#### **Eligible Applicants:**

Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Additional Information on Eligibility:** Federal agencies and instrumentalities (other than DOE) are eligible to apply for funding as a subrecipient, but are not eligible to apply as a prime recipient.

### **Additional Information**

**Agency Name:** Golden Field Office

**Description:** Through this Funding Opportunity Announcement (FOA) the Building Technologies Office (BTO) seeks to establish a performance rating mechanism for assessing the energy performance of fenestration attachments. DOE and the fenestration attachments industry have identified accurate and objective performance data as a critical need for product adoption. The selected applicant to the Craft FOA will provide a third-party rating, certification, and labeling program, which will enable consumers to distinguish among energy-efficient attachment products and models. The underlying data will assist architects and engineers in better understanding the energy impact of particular products. The Certification and Rating of Attachments for Fenestration Technologies (CRAFT) awardee will develop rating, certification, performance verification, and labeling standards for residential and commercial fenestration attachments. The successful applicant will also develop a Program to rate fenestration attachment energy performance and provide accurate and useful product comparison criteria, allowing end users in residential and commercial markets to assess the relative energy cost/benefits of fenestration attachments. "The full Funding Opportunity Announcement (FOA) is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov>. Applications must be submitted through the EERE eXCHANGE website to be considered for award. The applicant must first register and create an account on the EERE eXCHANGE website. A User Guide for the EERE eXCHANGE can be found on the EERE website <https://eere-exchange.energy.gov/Manuals.aspx> after logging in to the system. Information on where to submit questions regarding the content of the announcement and where to submit questions regarding submission of applications is found in the full FOA posted on the EERE eXCHANGE website."

**Agency Name:** Golden Field Office

**Description:** The Department of Energy (DOE) Office of Energy Efficiency and Renewable Energy (EERE) intends to issue, on behalf of the Solar Energy Technology Office, a Funding Opportunity Announcement (FOA) entitled SunShot Incubator Program. This Notice is issued so that interested parties are aware of the DOE's intention to issue this Funding Opportunity Announcement in the near term. Any of the information contained in this Notice is subject to change. The DOE will not entertain any questions or telephone calls at this time involving this Notice. Once the Funding Opportunity

Announcement has been released, DOE will provide an avenue for potential applicants to submit questions. This is a Notice of Intent (NOI) only. DOE is not accepting applications for funding as a result of this notice. DOE may issue a FOA as described herein, may issue a FOA that is significantly different than the FOA described herein, or DOE may not issue a FOA at all.

Cost Sharing or Matching Requirement: No

**Eligible Applicants**

Small businesses

**Additional Information on Eligibility:**

Other Eligible Applicants include the following: Non-domestic (non-U.S.) Entities (Foreign Institutions) are not eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are not eligible to apply. Foreign components, as defined in the NIH Grants Policy Statement, may be allowed.

**Agency Name**

National Institutes of Health

**Description**

This Funding Opportunity Announcement (FOA) reissued by the National Institutes of Health (NIH) invites eligible United States **small business** concerns (SBCs) to submit **Small Business Technology Transfer (STTR)** grant applications. United States SBCs that have the research capabilities and technological expertise to contribute to the R&D mission(s) of the NIH awarding components identified in this FOA are encouraged to submit STTR grant applications in response to identified topics (see PHS 2013-2 SBIR/STTR Program Descriptions and Research Topics for NIH.)

Cost Sharing or Matching Requirement: No

### **Eligible Applicants**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

### **Additional Information on Eligibility:**

The individual program NOFA will describe the applicant eligibility requirements. Applicants should be aware that HUD does not directly fund individuals through its formula-based programs or its competitive program NOFA process. THERE IS NO FUNDING ASSOCIATED WITH THIS NOTICE.

### **Agency Name**

Department of Housing and Urban Development

### **Description**

The General Section describes the requirements that are applicable to all of HUD's FY2013 individual program NOFAs. The General Section also provides overall guidance regarding HUD's Policy Priorities and their relationship to HUD's Strategic Plan Goals as stated in the Department's Strategic Plan for FY2010-2015. Each individual program NOFA will describe additional procedures and requirements that apply to the individual program NOFA, including a description of the eligible applicants, eligible activities, threshold requirements, cross-program requirements such as nondiscrimination and environmental protection, and any additional program requirements or limitations. To adequately address all of the application requirements for any program for which you intend to apply, please carefully read and respond to both this General Section and the individual program NOFAs. THERE IS NO FUNDING ASSOCIATED WITH THIS NOTICE.

### **Link to Additional Information**

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** To be eligible as a library applicant for a National Leadership Grant, you must • be either a unit of state or local government or be a private nonprofit organization that has tax-exempt status under the Internal Revenue Code; • be located in one of the 50 States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau; and • qualify as one of the following: • a library or a parent organization, such as a school district, a municipality, a state agency, or an academic institution, that is responsible for the administration of a library. Eligible libraries include public libraries, public elementary and secondary school libraries, college and university libraries, research libraries and archives that are not an integral part of an institution of higher education and that make publicly available library services and materials that are suitable for scholarly research and not otherwise available. Research libraries must be under the supervision of at least one permanent professional staff person and be either generally recognized as possessing unique, scholarly research materials and services that are made available to the public, or able to demonstrate that such is the case when submitting an application to IMLS. • a private library or other special library, but only if the state in which it is located determines that the library should be considered a library for purposes of Library Services and Technology (see 20 U.S.C. 9121-9165); • an academic or administrative unit, such as a graduate school of library and information science that is part of an institution of higher education through which it would make application; • a digital library, if it makes library materials publicly available and provides library services, including selection, organization, description, reference, and preservation, under the supervision of at least one permanent professional staff person; • a library agency that is an official agency of a state or other unit of government and is charged by the law governing it with the extension and development of public library services within its jurisdiction; • a library consortium that is a local, statewide, regional, interstate, or international cooperative association of library entities that provides for the systematic and effective coordination of the resources of eligible libraries, as defined above, and information centers that work to improve the services delivered to the clientele of these libraries; or • a library association that exists on a permanent basis; serves libraries or library professionals on a national, regional, state, or local level; and engages in activities designed to advance the well-being of libraries and the library profession.

**Agency Name:** Institute of Museum and Library Services

**Description:** National Leadership Grants support projects that address challenges faced by the museum, library, and/or archive fields and that have the potential to advance practice in those fields. Successful proposals will seek innovative responses to the challenge(s) identified in the proposals, and will have national impact. For FY2014, IMLS continues to pursue its commitment to early learning by seeking proposals addressing learners from ages 0-8 and their parents and caregivers. Library applicants are encouraged

to partner with community organizations to address at least one of the challenges identified by the Campaign for Grade Level Reading including school readiness, summer reading loss, and chronic school absence. Click [here](#) to learn more about IMLS's role in this initiative. Projects addressing the goals of the Campaign for Grade Level Reading should check the appropriate box on the Program Information Sheet component of the application. The National Leadership Grant program accepts applications under three main categories: •Advancing Digital Resources—Support the creation, use, presentation, and preservation of significant digital resources as well as the development of tools to enhance access, use, and management of digital assets. •Research—Support research that investigates key questions that are important to museum, library, and archival practice. •Demonstration—Support projects that produce a replicable model or practice that is usable, adaptable, or scalable by other institutions for improving services and performance. Applicants may choose to submit a Project Grant, Planning Grant, or National Forum Grant proposal in any of the above categories. •Project Grants support fully developed projects for which needs assessments, partnership development, feasibility analyses, prototyping, and other planning activities have been completed. •Planning Grants allow project teams to perform preliminary planning activities that could lead to a subsequent full project, such as needs and feasibility analyses, solidifying partnerships, developing project work plans, or developing prototypes or proofs of concept. Applications for Planning Grants must include at least one formal partner in addition to the lead applicant. •National Forum Grants provide the opportunity to convene qualified groups of experts and key stakeholders to consider issues or challenges that are important to libraries, museums, and/or archives across the nation. Grant-supported meetings are expected to produce widely disseminated reports with expert recommendations for action or research that address a key challenge identified in the proposal. The expert recommendations resulting from these meetings are intended to guide future proposals to the National Leadership Grant program.

**Eligible Applicants**

City or township governments

**Additional Information on Eligibility:**

**Agency Name**

Fish and Wildlife Service

**Description**

The U.S. Fish and Wildlife Service (Service) Fisheries Program's National Fish Passage Program is a voluntary, non-regulatory conservation assistance program that provides financial and technical assistance to remove or bypass artificial barriers that impede the movement of fish and other aquatic species and contribute to their decline. The National Fish Passage Program received \$11.0 million of operational funds to implement the program in Fiscal Years 2011. The Service will implement fish passage improvement-based, cost-shared projects to protect, restore, or enhance habitats that support fish and other aquatic species and their populations. All or a portion of project funds may be transferred to partner organizations through cooperative agreements if the Service lacks the capability to implement a project. To determine eligibility of a specific project contact the REGIONAL COORDINATOR in your area. A list of Coordinators and their responsible geographical areas is attached to this announcement under the APPLICATION INSTRUCTIONS.

### Media Projects Grant

**Document Type:** Grants Notice

**Funding Opportunity Number:** 20140108-TD

**Funding Opportunity Title:** Media Projects

**Opportunity Category:** Discretionary

**Funding Instrument Type:** Grant

**Category of Funding Activity:** Humanities (see "Cultural Affairs" in CFDA)

**Category Explanation:**

**Expected Number of Awards:**

**CFDA Number(s):** 45.164 -- Promotion of the Humanities Public Programs

**Cost Sharing or Matching Requirement:** No

**Posted Date:** Nov 5, 2013

**Creation Date:** Nov 5, 2013

**Original Closing Date for Applications:** Jan 8, 2014

**Current Closing Date for Applications:** Jan 8, 2014

**Archive Date:**

**Estimated Total Program Funding:**

**Award Ceiling:** \$1,000,000

**Award Floor:** \$1

#### Eligible Applicants:

Private institutions of higher education

County governments

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Native American tribal governments (Federally recognized)

State governments

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

Public and State controlled institutions of higher education

Special district governments

City or township governments

#### Additional Information on Eligibility:

#### Additional Information

**Agency Name:** National Endowment for the Humanities

**Description:** Media Projects grants support the following formats: interactive digital media; film and television projects; and radio projects. Interactive digital media may be websites, games, mobile applications, virtual environments, streaming video, podcasts, or other digital formats. Film and television projects may be single programs or a series addressing significant figures, events, or ideas and drawing their content from humanities

scholarship. The programs must be intended for national distribution. The program welcomes projects ranging in length from short-form to broadcast-length video. Radio projects may involve single programs, limited series, or segments within an ongoing program. They may also develop new humanities content to augment existing radio programming or add greater historical background or humanities analysis to the subjects of existing programs. They may be intended for regional or national distribution. NEH encourages projects that feature multiple formats to engage the public in the exploration of humanities ideas. Proposed projects might include complementary components that expand or deepen the audience's understanding of a subject: for example, museum exhibitions, book/film discussion programs, or other formats that engage audiences in new ways. Media Projects grants may not, however, be used to support programs' general operating costs. Grant Categories Development grants enable media producers to collaborate with scholars to develop humanities content and to prepare programs for production. Grants should result in a script or a design document and should also yield a detailed plan for outreach and public engagement in collaboration with a partner organization or organizations. Production grants support the production and distribution of digital projects, films, television programs, radio programs, and related programs that promise to engage the public.

Special district governments  
Native American tribal governments (Federally  
recognized)  
County governments  
State governments  
Public and State controlled institutions of higher  
education

**Agency Name:** National Endowment for the Humanities

**Description:** NEH is soliciting proposals from institutions to participate in the National Digital Newspaper Program (NDNP). NDNP is creating a national digital resource of historically significant newspapers published between 1836 and 1922, from all the states and U.S. territories. This searchable database will be permanently maintained at the Library of Congress (LC) and will be freely accessible via the Internet. (See the website, *Chronicling America: Historic American Newspapers*.) An accompanying national newspaper directory of bibliographic and holdings information on the website directs users to newspaper titles available in all types of formats. During the course of its partnership with NEH, LC will also digitize and contribute to the NDNP database a significant number of newspaper pages drawn from its own collections. NEH intends to support projects in all states and U.S. territories, provided that sufficient funds allocated for this purpose are available. One organization within each U.S. state or territory will receive an award to collaborate with relevant state partners in this effort. Previously funded projects will be eligible to receive supplements for continued work, but the program will give priority to new projects. In particular, the program will give priority to projects from states and territories that have not received NDNP funding.

| <b>Award Floor:</b>                            | \$300,000  |
| <b>Eligible Applicants:</b>                    | Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility" |

**Agency Name:** National Science Foundation

**Description:** The Advancing Informal STEM Learning (AISL) program seeks to advance new approaches to and evidence-based understanding of the design and development of STEM learning in informal environments; provide multiple pathways for broadening access to and engagement in STEM learning experiences; advance innovative research on and assessment of STEM learning in informal environments; and develop understandings of deeper learning by participants. The AISL program supports five types of projects: (1) Pathways, (2) Research in Service to Practice, (3) Innovations in Development, (4) Broad Implementation, and (5) Conferences, Symposia, and Workshops.

**Eligible Applicants**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**

An institution is eligible to apply only if it is a nonprofit organization with IRS tax-exempt status and has already received a confirmed booking for one of the NEH on the Road exhibitions through Mid-America Arts Alliance.

**Agency Name**

National Endowment for the Humanities

**Description**

These grants support ancillary public humanities programs to accompany NEH on the Road traveling exhibitions. Typical formats involve lectures, reading and discussion programs, film discussion programs, Chautauqua presentations by scholars, family programs, exhibition tours, and other appropriate formats for reaching the general public.
